

## Safeguarding Statement

### • ABBEY VIEW • PRIMARY ACADEMY

At Abbey View Primary Academy, the health, safety and well-being of every child are our paramount concern. We listen to our pupils and take seriously what they tell us. Our aim is for children to enjoy their time as pupils at Abbey View. We want to work in partnership with you to help your child achieve their full potential and make a positive contribution.

In accordance with our responsibilities under section 175/157 of the Education Act 2002 and "Keeping Children Safe in Education" September 2018, we have a Designated Safeguarding Lead for Child Protection, Ms M Mirza (Principal) who has received appropriate training for this role. It is Ms Mirza's responsibility to ensure that all staff in contact with children receive child protection awareness training on a regular basis.

If you have any concerns about the welfare of any child at Abbey View please speak to the Designated Safeguarding Leads:

<b>Designated Safeguarding Lead</b>	<b>Ms M Mirza Principal</b>
<b>Deputy Designated Safeguarding Lead</b>	<b>Tbc</b>

If you feel unable to speak to the designated safeguarding lead or you feel that your concern is not being taken seriously you may make a referral yourself by calling:  
First Response Team: 0845 4600001

To promote a safe environment for pupils, our safer recruitment policy includes all checks on staff and regular volunteers' suitability, including Disclosure and Barring Service (DBS) checks, in accordance with current legislation, and in addition to this teaching staff are monitored through the recently introduced national prohibition check service.

Visitors to the school site are given a Safeguarding leaflet, and all visiting contractors are given a Safeguarding card. This helps us to ensure that visitors and contractors understand how to keep our children safe and how to report any concerns that they may have.

Occasions do arise when our concern about a child mean we have to consult other agencies. Whilst we would always aim to work in partnership with parents there may be exceptions to this when concerns are raised for the protection of a child.

On very rare occasions Social Care, whilst undertaking an investigation under s47 of the Children Act 1989, may want to speak to a child without a parents' knowledge.

This would be a decision made in collaboration with partner agencies and would only be done in situations where a child might be at immediate risk. To gain consent at this point may increase the level of risk to the child or cause evidence of a crime to be lost.

All entrances and exits to the school are secured during school hours, and the only access to the school is through the main school entrance which has a constantly monitored entry system.

The procedures, which we follow, have been laid down by the Local Safeguarding Children's Board, and the academy has adopted a Child Protection Policy in line with this for the safety of all. If you want to know more about our procedures, please speak to the Ms Mirza or your child's class teacher.
