

- Post 16 students may run some activities supervised by staff and at their request.
- Activities run throughout the year or for the term or 6 week blocks (to be made clear for each activity)
- Please note that the first session may be about enrolment and health and safety procedures, depending on the Activity. If this is the case, a start date for the activity will be made clear at Session 1.
- There may be a small charge for some events.
- The revision programme for Y9-13 is extensive and is not included here: details are sent home separately.
- If events are popular, students in Y7/8 will be given priority and may need to sign to show their interest; a rota system will operate after a specified number of weeks. Students should attend the first session but then may have to sign up on the student notice board outside the Hall.
