EQUAL OPPORTUNITIES STATEMENT

This school is fully committed to a policy of equal opportunities for all. This commitment requires a strong, positive effect on all aspects of school life.

All students should have equal access to the social and educational opportunities which are their entitlement.

All adults should have equal access to the social, developmental and professional opportunities which are their entitlement.

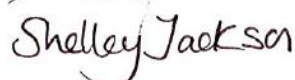

Ashfield School governors uphold the spirit of Entitlement Curriculum that supports equality of opportunity for every student. In exceptional circumstances, an individual may seek disapplication for specific learning reasons.

The school has taken all reasonable measures to ensure equality of access to its buildings and facilities. All recent structural alterations to the site have disabled access. The school meets all Health and Safety standards.

We therefore aim:

- To recognise and value our own individuality and that of others
- To deepen our understanding of other points of view
- To appreciate the rich diversity of a multi-cultural world
- To identify and oppose all forms of discrimination
- To monitor and review our practices against this policy

Our Equal Opportunities Policy supports the broad principles of the Sex Discrimination Act 1975, the Race Relations Act 1976, the Race Equality Act 2001, the Disability Act 202, the Articles of Government, OFSTED and Investors in People.
