Learning Resources

On Ashnet, following links <https://intranet.ashlawn.org.uk/sociology> here there are lesson content, past papers and mark schemes and revision materials

Learning Strategies

Students have content booklets, recapping knowledge through mind maps and three point system, followed up with how to apply this material to specific exam questions. Re-writing text/information in a different way.

Writing Long Answer Questions

Students given access to long answers structures from the outset (attached) and the essay marking sheet (attached) allows students to see how to secure marks

Independent Study

Go over class notes to ensure you understand them, revise content so far e.g. from the start of the year so you don't forget it, practice planning or answering exam questions, make key definition/theory/studies lists to help retain important knowledge.
