

Work Experience – Searching for Placements

Careers South West (CSW) provides an online search facility of employers who have accepted work experience students in the past. Please note that the fact that a placement appears on the website doesn't necessarily mean that placements are available this year. It is, however a useful tool to get you started.

Instructions for accessing the work experience online search

1. Enter into your browser (or follow the link below)

<http://ebp-sw.learnaboutwork.org/>

2. Click on '**Student**'
3. If '**Backwell School**' doesn't automatically appear, select it from the drop down menu and press '**submit**'
4. Enter the following into the '**Name**' and '**PIN**' fields (case sensitive) and press '**Login**'

Name: Backwell Student

PIN: 1234

5. Now click on '**Search**' from the top of the page
6. It should be self-explanatory from there on but if you have any queries students should come and ask for Mrs Robinson at break or lunch in the school office and parents/carers can contact Mrs Robinson on 01275 463371.
