**PE and Sports Premium Funding -
Planned spending for academic year 2017-18**

PE and Sports Premium Funding was introduced in 2013. It was provided directly to primary schools across the country who can use it however they want, to provide PE and sporting activities for pupils.

The premium must be used to fund additional and sustainable improvements to the provision of PE and sport, for the benefit of primary-aged pupils, in the 2017 to 2018 academic year, to encourage the development of healthy, active lifestyles. Ofsted will assess and report on how effectively this is being used when schools are inspected. Schools are required to report on expenditure, including the following details:

- your PE and sport premium allocation for the current financial year
- details of how you intend to spend your allocation
- details of how you spent your previous academic year's allocation
- how it made a difference to the PE and sport participation and attainment of the pupils who attract the funding.

At Bishop Perrin, we have identified 5 key areas to address when spending the funding. All of these are detailed below in our spending plan for the 2017/18 academic year. For details on the impact of our spending for the 2016/17 academic year, please see the PE and Sport Premium impact document on our website.
