Challenging Question:
Why is the alphabet in that order?

Don’t forget: We are a nut free school – check your packed lunches for nuts!

On waking up in school on a Saturday morning... "Are we doing work today?"

Sleepover School

Bolnore Village Fire Brigade School

"It takes a village to send a teddy!"

The Year 4 Sleepover was a great success. The children had a fantastic Fire Brigade school walk with marshmallows and music by the fire. After a pizza supper they played games and became X Factor judges – who knew Jess the Karate Kid would be so popular? After lots of teeth brushing and bed making everyone slept soundly. We were up with the larks in the morning and after breakfast we headed home. A very big thank you to Miss Watson for organising the event and to all the staff who volunteered to help.

Fire Time!

Reception, Year 2 and Year 5 were treated to a tour of an immaculate fire engine as part of their work on Fire Safety. How many times was Mr. Smithson’s car washed? Many thanks to the Fire Team for coming in to talk to us.

Forest Fun!

Cherry Class enjoyed their first experience of Forest School this week. They looked at all sorts of trees and leaves, played games, splashed in puddles, hopped and skipped and crossed streams. With all that running about, everyone was ready for their snack and a drink! Forest School is yet another way that BVPS helps children discover a healthy lifestyle. And what’s more... our children love it!

Teddy Aid

A huge THANK YOU to all the lovely children that very thoughtfully gave up a teddy or soft toy; we have collected a fantastic 176 in total. They will be shared out between 176 babies, toddlers and young children in Syria. They will receive 1 each, which to us may not seem like much but to them means a tremendous lot. It really does make us realise how lucky we are. They will be taken to the collection point tomorrow and will be on a plane on Saturday. Thank you again from, The Newman-Smiths.

CHESTNUT
CLASS have met their target of 15 Golden Days and celebrated with a Mrs Allen Treat – they chose to dress up. Well done to Chestnut!

Full House!

Meet our new House Captains. They will lead their teams through all the different House Competitions we hold this year. The first is Mental Maths next week... which House will hold up the Mental Maths trophy we wonder?

Point to Ponder

This Week’s Question: War doesn’t determine who is right, just who is left. Do you agree?

Seesaw is back for Year 5 and 6 children and is already being used enthusiastically by a number of children to share their learning with parents and carers. A particular ‘thumbs up’ to Miss Molyneux who is amazingly excited about this app and is currently leading the way with it, in Hombeam. If you are interested in more information, visit the Seesaw website. Year 3 and 4 - watch this space as we are looking to further develop into your classes shortly! Any questions about this, please talk to your child’s class teacher. Another step into the world of partnership working!
