Dear Parents/Carers

Since the introduction of hot school meals we have been carefully monitoring the uptake and have noticed a negative trend in the number of families who take up this offer. We have now found ourselves in the position of having to consider alternatives. Not only have we monitored the uptake of hot school meals but we have also realised the huge impact this provision has on our staffing budgets, facilities, accommodation and refuse costs.

With the above in mind, we will be trialling the packed lunch option offered by Chartwells as opposed to a hot school meal for the period Monday 5 June 2017 to Friday 30 June 2017, inclusive. During this time we will also be able to evaluate the difference in staffing and refuse costs, which will enable us to consider making this a permanent option from September 2017. Below is a copy of the Chartwell's Summer Term sandwich menu for you to consider.

Please note that you will be required to provide your child with a bottle of water for lunchtime.

As you will have read, school budgets across the land are decreasing but at BMS we are truly committed to continue providing authentic opportunities for our children to ensure they thrive in the conditions that we offer. The positive impact on our budgets (reducing staffing and wastage costs) will be diverted back to your children in order to ensure their learning experiences at BMS are truly first class.

We would welcome any comments you have about this trial by contacting me via the school office or via email at schooloffice@broadstonemiddle.poole.sch.uk.

Yours sincerely
