

Snapshots of the Week

Week: 24th June to 28th June

Year 5 had a fantastic visit to Upton County Park last Friday which resulted in lovely feedback from members of the public. They have been visited by a local artist this week to demonstrate clay techniques and support their design work. They have used this as inspiration to create their own clay flowers tiles – they are looking BRILLIANT!

Year 6 have had a fantastic week they showed excellent team skills during a bench ball match and have been busy developing their artistic ability. With their set inspiration of Banksy for their current topic we cannot wait to see the outcome. **REMINDER YEAR 6 ARE OUT AT HARRY POTTER WORLD TUESDAY 2ND JULY!**

Upcoming Events
1st July – End of Year Reports
Week beginning 1st July Year 5 VR trips
2nd July Y6 Harry Potter Trip

17th July Year 8 Leaver's Trip
18th July Year 8 Leaver's Disco
19th July Last day of term!

YEAR 7

TEXTILES: The year 7's have seen the results of all their hard work and have finished their cushions. They have thoroughly enjoyed making them and have gained sewing machine skills, which will set them in good stead for Y8.

SCIENCE: Year 7 have been outside trying to calculate the speed of sound. Closest to our target of 330m/s have been 7Y with 318m/s. We'll see if 7W can get even closer next week. The battle is on!

YEAR 8

MATHEMATICS: Y8 have been involved in lots of practical tasks in order to explore probability experiments and outcomes.

SCIENCE: Y8 have continued investigating light by splitting and reforming white light. We have also attempted to prove that the angle of incidence equals the angle of reflection.

THANK YOU Year 8 for being exceptional role models during your visit to CHS this week. We have received VERY positive feedback and are very proud of you!

After School Clubs!

Tues	Tennis KS3 Rounders KS3
Wed	Athletics KS3 Cricket KS2
Thurs	Athletics KS2
Friday	Tennis KS2 Volleyball – All years Acro gymnastics

Excellent Events!

Children in Warhammer club are now running their own games without any support from Mr Evans! They are designing and making their own figures with very little help, this a massive change from the start of the club. Well done to you all!

Thank you to everyone who helped, supported or attended our Summer Fayre this year. What a fantastic event! The sun shined, the music played and fun was had by all!

TRANSITION EVENT!

This Thursday saw our BMS students experience our soft transition day. Our Y8's spent the day at Corfe Hills School and our Y7's became Y8 for the day. Y6 spent the day experiencing life in KS3, moving from lesson to lesson, meeting KS3 teachers. We welcomed Y4 students from BFS and Springdale First who spent a day in the life of a Y5 student at BMS. They had a fabulous day being shown around school by our Y6 students, took part in performing arts, learning the ukulele and creating bubble art. They finished the day meeting up with our current Y5's who had written them pen pal letters. A really lovely day and a great soft step before our official transfer day on Friday 5th July.
