

Child Development

Unit 2: Summer Task

Pre-linguistic and Symbolic Stages

You are working as a nursery nurse and have been asked to produce a handout to help parents to:

- A) Understand children's communication and language development between 0 – 8 – i.e. HOW do they develop?
- B) Encourage their child's communication and language development between these ages.

You must ensure that you cover pre-linguistic and symbolic stages.

If you are struggling, ensure you research/ remind yourself what pre-linguistic and symbolic stage are.

Use your notes from the taster session

See Miss Hale for support during your taster week.
