

Unit 11: Study Task

Psychological Perspectives

Research 1 psychological perspectives

You must use your research skills to:

Find out about the Behaviourist Perspective,

How it explains behaviour

How it is used in Health and Social Care to help behaviour

Your research should include:

- What is the behaviourist perspective?
- What is Pavlov?
- How is it this used to help behaviour in Health and Social Care?

Present your findings in a PowerPoint

These PowerPoints will then be fed back to the rest of the group in order to develop speaking and listening skills

Deadline: Friday
