Launch of ‘Buy A Brick Scheme’

We are sure that many of you would like to be part of our exciting New Build project or have a way of commemorating your own or your child’s attendance at our College or the previous two middle schools. We are, therefore, pleased to be able to offer you this unique opportunity to leave your mark and be part of this exciting journey by offering you the opportunity to purchase a range of wall tiles/plaques and/or paving stones that enable you to leave a momentum for yourself or your child or to get recognition as a supporter or sponsor of the College. These plaques and pavers will be installed in a prominent location at the entrance to our new College building at its completion in 2019 and will leave a lasting memory or dedication for all those who participated in this project.

Community Fundraising

We have launched a Community Fundraising Campaign to further promote our fundraising activities and get the whole community involved in our project. Over 1800 possible supporters, our current and previous students and members of staff, and businesses will soon be receiving a number of emails to hear of our exciting news. They are asked to spread the word by sharing on social media, to highlight to friends, families and business partners the important work we are doing and are also given the opportunity to make a donation towards our fundraising goal.

We hope you had had the opportunity to look at the Christ the King College Community Fundraising page. The following link will tell you more about the building project, our plans and how people can support us. https://give.joinos.com/christthekingcollege/

This is your last chance to purchase tickets for the first College Lottery draw.

The College prize fund for the first draw this Saturday, 8th April is currently £48.60, which one of our supporters is guaranteed to win. In addition there is the chance to win the national weekly jackpot of £25,000. We currently have 115 supporters who have purchased 162 tickets. To join the College Lottery please go to:

www.yourschoollottery.co.uk/lottery/school/christ-the-king-college/buytickets
Summer Fun Fair and Circus

The Fundraising Team met last night to plan further for our big ‘Summer Fun Fair and Circus’ to be held on Wednesday, 14th June 2017. We have arranged for a visit of a professional Circus from the mainland, and they will give two performances on that day, one at 4.30 pm and another at 6.00 pm. Tickets will go on sale after Easter, and will include entry to the fair and the circus. The event will include stalls, games, Afternoon Tea, BBQ, ice cream, popcorn, candy floss all the things you would expect from an afternoon at the fun fair and circus and much more. Please pencil this date in your diary and watch out for the release of tickets after the Easter holiday.

Governors’ Building Fund

Thank you so much to the parents who have paid their contribution of the Building Fund. Since we started drawing to your attention the importance of this, many more parents have started to make regular payments. We really cannot stress enough that this is a vital source of funding for the College and is one that we are required to raise as part of our voluntary aided status. Although it is a voluntary contribution, parents’ support is very much encouraged and needed to continue the work we are doing in educating your child in a Christian environment.

All parents are asked to contribute £2 per child per week to the Governors’ Building Fund. Alternatively, you may wish to pay this as a lump sum of £110 per year, if this is more convenient for you. This can be paid via our School Gateway, or you may prefer to set up a standing order.

Please make your payments to: Christ the King College Governors’ Building Fund

Lloyds TSB, Newport, Isle of Wight

Sort Code: 30:95:99      Account Number: 32687660

As a voluntary aided school, we are classed as an exempt charity and are able to claim tax relief on all Gift Aid contributions we receive. In order to claim this tax relief from HMRC, we require a Gift Aid Declaration from all donors. Thank you for your understanding and support.

In the last 30 days 7 new supporters have signed up for EasyFundraising and together all our supporters have raised £89.04 this month alone for Christ the King College without costing them a penny! Please look at the website this Easter to see what the current deals are.
