- Modern Foreign Language – Mandarin 29  
- Music 30  
- PE 31  
WHAT IS REVISION?

RE – VISION – SEEING AGAIN

SO IT’S NOT:

- Trying to learn lots of new topics
- Trying to do two years’ work in two weeks
- Trying to memorise notes or essays to reproduce in the exams

BUT IT IS:

- FIXING IN YOUR MEMORY things that you know. Like a computer saving information on a disk for future reference.
- LEARNING TO UNLOCK YOUR MEMORY in an exam. On a computer when you want a piece of data you have to call it up using a menu or code to access the information. Your mind works in the same way by responding to the prompts that it sees.

REVISION PLANNING

- For each subject make a list of all the topic areas you think you’ll need to revise (check with the member of staff or against the exam syllabus).

- Find out when your first exam is. Count the number of weeks from now until then.

- Draw up a blank timetable for all the weeks you have available between then and now and the first exam. Divide each day into hourly or half hourly sessions.
Time Management

1. Split your revision time into small sessions
2. Take small breaks
3. Review previous sessions
4. Briefly review previous days revision
5. Each week, dedicate a session to reviewing your revision from the previous week

In a 2 hour slot you’ll work faster and better if, instead of studying for two hours in one go, you:

- Study 25 minutes, break for 5 minutes (4 times) or
- Study 50 minutes, break for 10 minutes (twice)

WHERE SHOULD YOU REVISE?

Try and work in the same place each time and ensure that it has:

- No distractions e.g. TV or family members.
- A proper surface to work on at the right height.
- Enough light to see by comfortably without peering.
REVISION TECHNIQUES

- The most important thing is to DO something with the information that you have to learn – just reading through probably won’t help it to enter your memory.

- You need to be able to REDUCE your notes from a whole book or set of notes to easy to manage pieces of information.

- You need to be able to CATEGORISE the different parts of a topic so that an exam question is a trigger to you being able to quickly select the relevant knowledge.

TECHNIQUES

- VISUAL techniques – use mind maps. COLOUR is also important as an additional way that your brain remembers – use highlighters.

- ORAL techniques – try speaking as you learn or even recording yourself.

- Use MNEMONICS – take the first letters of a list of words you need to learn.

- TESTING – get others to test you on your notes.

- FILE CARDS are useful for summarising topics.
Suggestions For Visual Learners...

- Use visual materials
- Use topic webs
- Write stories and illustrate them
- Use a highlighter over important text
- Try to visualize information as images
- Find quiet places to study
- Ensure you can see your teacher
- Use computers to help you
- Take notes or ask for any handouts
- Use computers to help you

Suggestions For Auditory Learners...

- Take part in class discussion
- Make presentations
- Read work aloud
- Discuss your ideas
- Create jingles to help you remember things
- Use a recording device instead of taking notes

Suggestions For Kinesthetic Learners...

- Listen to music when revising
- Make your study space interesting
- Find quiet places to study
- Use a highlighter to help remember important material
- Revise standing up
- Take frequent study breaks when revising
- Move around the room when possible
A SUGGESTED METHOD

- Write out a long set of notes from everything you have on a topic.

- Reduce this to 1 side of paper.

- Then reduce it further to 4 or 5 file cards.

- Finally, have one file card with an entire unit on it – it should only contain ‘trigger’ words that prompt you to remember.

LOOKING AFTER YOURSELF

You may not think this is important, but did you know:

- Nearly a fifth of the calories we get from our diet is used by the brain.

- Sitting exams is stressful and can weaken the immune system leaving it vulnerable to infections.

**Tips**

- Drink water, stay hydrated
- Don’t forget to eat, eating nutritious meals and snacks aid concentration and your memory
- Reduce your stress levels by staying physically active and socializing with friends and family
- Sleep at regular times
IN THE EXAM ROOM

Common Exam Errors
• Panicking about time
• Not following the instructions on the paper
• Not answering the amount of questions required to be answered
• Not giving enough time to each question
• Not reading the question properly
• Going off track

Exam Advice
• Ensure you have the correct equipment and dress appropriately
• Be early for your exam
• Do not take mobile phones into the exam
• When entering the room, do not speak
• Look for your candidate number and sit down ready for instructions

HOW CAN I SUPPORT MY CHILD?

1. **Monitor grade data.** The grades that are sent out will give you a clear idea of progress made in each subject. Subject staff will be able to give you specific advice in order to maximise your child’s performance.

2. **Check Homework Diaries.** All homework should be recorded in the planner. If no homework is recorded, ask your child why? If you still have concerns, do not hesitate to contact the subject teacher at school.

3. **Assist your child with homework.** Your child may need additional resources to complete their homework or coursework effectively. You could also read through work to check for mistakes or to ensure that all tasks have been completed.

4. **Inspect exercise books.** This will give you a very good indication of how hard your child is working. You could even test them to see how well they have understood the subject matter.

5. **Reward hard work.** Research has shown that rewards or incentives work better than sanctions for motivation. You could reward your child for good pieces of work; time spent studying or meeting all deadlines.
6. **Provide a suitable area in which to work.** Ideally your child has a desk or table in an area free from distraction. Encourage your child to establish a routine when studying.

7. **Buy Revision Guides.** There are many good revision guides that can help reinforce work done in the classroom. Revision guides are mentioned on the subject pages of this booklet.

8. **Access the Internet.** There are some excellent websites that are both interactive and stimulating. Many have been included in the subject pages of this booklet. In addition you may wish to log onto the Examination Boards website for advice, past papers and mark schemes.

Exam Preparation

Students will be given practice exam papers to complete but there are no actual past papers available for this course yet as the first sitting of the exam will be June 2017. Grade boundaries for the new course are due to be announced in August 2017.

There are extensive resources based on the previous specifications in the Maths Pupil Common Room on the VLE.

TIERS OF ENTRY:

Tiers of entry will be decided by staff using their professional judgement. They are subject to change if data or individual performance indicates the need to do so. Tiers of entry are normally finalised by Easter of Year 11. Please note that for the foreseeable future, only students achieving 50% or better on the higher tier papers from the previous specification will be considered for the higher tier. This reflects the significant increase in the level of difficulty of the new specification.
AQA
Additional Science (4408) – All Year 11 pupils
Further Additional Science (4410) – Set 1 pupils only
Science A (4405) – Pupils re-sitting Year 10 GCSE

Exam Preparation
Extensive practice on exam type questions through course. Past papers on VLE.
Discussion/dialogue features strongly in RS GCSE, and this is helps to formulate reasoned arguments throughout the course.
Business and Economics

Textbook(s)

The Edexcel Business Revision guide for units 1 3 and 5
(All year 11 Business students will be given a copy of this)

Edexcel Business Revision Workbook For units 1 3 and 5

Additional textbooks

Unit one (year 10)-introduction to Small business second edition
Unit Five (year 11) Introduction To economic understanding

Websites

www.tutor2u.net-This is a useful website of mostly free resources including revision guides, information sheets and business blogs

For Unit five: the BBC business and economics site is also useful
www.bbc.co.uk/news/business/economy

BBC Bitesize: Business-useful for unit one introduction to business exam

Exam Preparation

All students will sit a ninety minute mock exam for the unit 1 and unit 5 sections.

Unit one and Unit five past papers and mark schemes are available on The VLE in the resources section

Plus they can also be found at www.edexcel.com/quals/gcse/gcse09/Business

Revision sessions to be held by RCA/PGA and JLO at lunchtimes or after school (days to be confirmed) from Feb 2017 and all students will be issued with revision checklists early in the spring term.
DANCE

Revision for Written Examination

Written Examination: 20% OF GCSE (1 hour paper). The paper will compromise of shorter mark answers that will add up to a total of 50 marks. They will need to show their knowledge of ALL areas of the following professional works that we have been studying over the last 2 years:

Still Life at the Penguin Café by David Bintley And Swansong by Christopher Bruce

They need to be able to understand action/space/dynamics/relationships in specific sections of each of the dances and also know information on set/costume/stimulus/lighting and music. The paper will also test their general dance knowledge including choreographic devices, stimuli, structure, and accompaniment.

Revision for Practical Examination MAKES UP 80% OF WHOLE GCSE

It is vital that the individual choreography and the group dance are ready IN ADVANCE and you will be expected to meet with your dancers either before school, at lunch or after school after mocks have been completed. The rehearsal process should be like revision. Remember this course is made up of such a large % of practical – it needs to be prepared beforehand. Rehearse, rehearse, rehearse!

Remember the examiner moderator is a stranger and you only have approximately 3 minutes to impress them on the examination day.

Materials

The Dance exercise book as the first point of call for their revision and all the addition sheets, mocks and examples should be attached in their books. For the written examination it is vital that the students know the 2 professional works inside out. If they do not have a copy of these already this is something we definitely recommend. DVDs of both works can be found on Amazon and from other retailers.

Christopher Bruce’s Triple Bill [DVD] Currently: £22.75 http://www.amazon.co.uk/Christopher-Bruces-Triple-Bill-DVD/dp/B000FII18U/ref=sr_1_3?ie=UTF8&qid=1357558982&sr=8-3

There is also an AQA dance book that the students can use for revision. We do have copies of this that we are prepared to loan out to the students but here is the reference if you wish to purchase.
http://www.amazon.co.uk/AQA-GCSE-Dance-Students-Book/dp/1408504197/ref=sr_1_1?ie=UTF8&qid=1357559280&sr=1-1

Important: Tuesday 18th April 2017 All Dance will be in school (even though it is a CPD day for others) for a full dress rehearsal. ALL their work will be filmed and used as their exam evidence (in case of illness or injury on the moderation day). ALL Dance students will need to attend. Times will be given closer to the date.

Exam Preparation

Revision sessions will be laid on by DT staff in the run up to the summer exams.

More information will be given to you by your teacher nearer the time.

The above workbook will be provided and serves as an excellent resource outside of the classroom.
Drama

Revision for Written Examination

Written Examination:
We will be giving out more mock questions that they can work on at their own pace. If they need more this can be provided by the drama department. Basically they need to choose a scene and try and write the 20 mark question on EACH scene in the play! Pick a scene and do a mock….we suggest to get all the tricky scenes out of the way first. For section 2 (evaluation) students can hand DRAFTS to either drama teacher. This can only be completed AFTER the practical examination (which should be just after Easter).

Revision for Practical Examination
Rehearse, rehearse, rehearse! Remember the examiner visiting is a stranger and you need to show your very best work. Your lines need to be learnt to an impeccable standard,

Exam Preparation/Revision ideas

The most useful** - Practice mocks for the 10 and 20 mark Our Town questions. If they are completed in free time we are happy to mark these. Please see your drama teachers.
Character profiles: A4 sheet per character adding details on movement, voice, costume choices, relationship with others and key quotes (explained)
Creating a definitions booklet or flash cards of the key drama terminology (especially vocal, physical and atmosphere). You can add key examples on the back of the flash card from specific sections of Our Town.

Materials
They need to use their drama exercise book as the first point of call for their revision and all the additional sheets, mocks and examples should be attached in their books.

They should also have a scene-by-scene self-completed guide where they can show their creative overview of each and every scene – this is in a photocopied format. If this is incomplete – this is useful revision to help understand each scene

Our Town by Thornton Wilder: This is the set text and students have all been lent a copy of this from the drama department.
Textbook – all students will be issued a copy by the school

GCSE Geography Edexcel B Second Edition Student Book (Edexcel GCSE B) by Bob Digby, Cameron Dunn, Dave Holmes, Dan Cowling, Catherine Hurst, Sue Warn

Revision Guides

- My Revision Notes: Edexcel B GCSE Geography Second Edition
- Revise Edexcel: Edexcel GCSE Geography B Evolving Planet Revision Guide
- Revise Edexcel: Edexcel GCSE Geography B Evolving Planet Revision Workbook

Websites

- Your teachers will have placed many of their PowerPoints from lessons on the VLE (Fronter)
- BBC Bitesize GCSE Geography also has some good revision summaries and tests

Exam Preparation

Lots of revision throughout the course will help you to do your best in Geography. This will need to be increased as you get closer to the mocks and final exams. Remember to use the Progress Trackers which are on the VLE (Fronter) to focus your revision. This will help you work out the topics that you feel most secure with and identify what still needs further learning. Revision should be focused on the theory and case studies taught during Years 10 and 11. The more specific facts and details you can provide about located examples the better.
HISTORY

OCR MODERN WORLD B

Textbook(s)

OCR GCSE Modern World History – Ben Walsh

Germany 1918-1945, Lacey and Shephard, (Pub: John Murray) – Very detailed.

Germany 1918-1945, Aaron Wilkes, (Pub: Oxford) – This is a more accessible book

OCR British Depth Study 1890-1918, Shephard and Rees, (Pub: Hodder Education)

Revision Guides

GCSE History OCR B: Modern World History Revision Guide by CGP

Websites

http://www.johndclare.net/

http://www.bbc.co.uk/schools/gcsebitesize/

http://www.schoolhistory.co.uk/revision/

Exam Preparation

Your revision should centre on the CCCS History Personal Learning Challenge Booklet. This outlines all of the knowledge and skills you need to revise for each exam. You must cover ALL of it before the summer so start early. The key to success in GCSE History is revising lots of factual knowledge in your own time. You should focus on learning the key dates, events, places and people. Make mind maps or flash cards for each topic then test yourself repeatedly. You should try to do at least 30 minutes revision EVERY DAY. You should also attempt lots of exam practice using past papers. There are plenty of practice questions for all parts of the course in the PLC booklet.
Textbook(s)

EDXCEL GCSE ICT student book

There is an online student resource available via the school network.

Revision Guides

Zig Zag Revision guide will be available as a paper copy and electronically on the VLE.

Exam Preparation
The exam is 2 hours and worth 75 % of the overall GCSE. Practical programming skills are assessed in the Controlled Assessment, which has a weighting of 25% and carried out over 15 hours towards the end of year 11. Use websites, revision guides, practice papers on the VLE, notes made in lessons and complete the online programing challenges
Media Studies
AQA

2017 topic: TV Gameshows
Issue of Preliminary Material (booklet) to students: Monday 24 April 2017
Examination: Tuesday 23 May 2017

AQA will send you a resource booklet 4 weeks before the exam for you to analyse. The exam will then ask you two questions in relation to case studies you have studied and on the content in the booklet, as well as 2 production exercise questions. Eg. Design the format of a new game show targeting a 16-25 audience.

Exam Preparation

Pupils will complete another 3 pieces of Controlled Assessment in Year 11 which WILL CONTRIBUTE to their final grade, each piece makes up 15%. Please continue to ensure your child prepares thoroughly for every single one by diligently completing homework as set and revising for two weeks before the controlled assessments. For the listening and reading papers candidates need to learn vocabulary for recognition. Lists are compiled from past papers and the textbook or can be found in revision guides. ‘Little and often’ works best. A sensible amount would be 10 – 15 new words revised for 15 minutes until all meanings are learnt. This should be done throughout the year and must be the main focus of pupils’ revision after February half term.

My P.E Exam

Exam Preparation

All students should be actively involved in extra-curricular clubs in the two (short course) four (full course) sports they will be assessed in.

Mock practical and oral examination 24th and 25th November 2016.

The final practical examinations are on 18th and 19th April 2017.

Students should prepare knowledge of their first sport for final oral examination on week beginning 9th January 2017.

Students should use the Edexcel website to access past papers and mark schemes. In addition there is an app with past questions available.
