HEADTEACHER'S WELCOME

Cranbourne College is a welcoming 11-16 comprehensive school in the heart of Basingstoke.

The school is situated in a leafy suburb, close to the town centre on a large green site, with excellent facilities, including extensive playing fields, specialist arts, media and design workshops as well

as a large indoor swimming pool. We also benefit from specialist vocational teaching in hair, beauty and computer science. The school's core purpose is to meet the needs of each individual student. We are proud of our specialist unit for the teaching of students with dyslexia.

The college aims to provide every student with a positive learning experience. Excellent teaching and great out of lesson opportunities are key priorities. We aim for a happy environment where children feel secure to challenge themselves and are confident to try new experiences. The school has a strong year based team of tutors and two full time pastoral staff for each year group.

Our curriculum (choice of subjects) is diverse, because we would like students to play to their strengths and follow their interests, as well as giving a good grounding in the national curriculum. It is important to us that students achieve well here so that they make the best future choices at the end of five years, hence our strong focus on excellent exam results and close links with Queen Mary's College and BCOT.

This booklet will give you a flavour of Cranbourne: you will find additional information on our website, at our Open Evening and, in the Spring and Summer Terms, at New Entrants' evenings. We would like to extend a warm welcome to all of you – our class of 2022.

DID YOU KNOW?

The College is structured in year groups with Progress Managers and College Parent Partners overseeing each student's progress and pastoral care.

Parents and carers have a direct line to the CPP Office where our full time non-teaching team can support and give advice. Within this system all students have their Personal Tutor who will guide them through their five years at college. Students meet with their tutors at the beginning of each day at PDL.

A school at the heart of its community

LIFE BEYOND CRANBOURNE

We employ a specialist careers advisor to support students when they leave Cranbourne to fulfil a variety of different ambitions. Whilst most continue to sixth form colleges, some move on to specialist and selective colleges and schools. We are delighted that so many of our students continue their education even further achieving first class degrees at universities throughout the United Kingdom. We do realise that this route is not for all and are pleased that other students are able to achieve their personal goals in different ways, for example, we have an increasing number of leavers undertaking apprenticeships in a variety of work areas.

CRANBOURNE FOR LIFE...

Our students make us proud, when you eventually move on from Cranbourne we hope that you will stay in touch and join our alumni. Cranbourne is 50 years old. Our ex-students stay in touch and continue to support us. Some even come to work here!
