

Our ref AEB/dg

6 January 2015

Dear Parent

One day emergency closure of the school on Wednesday 7 January 2015.

We have today experienced a significant problem with the electrical supply to our school. In order to remedy this safely, all power will need to be turned off for one full day on Wednesday to allow engineers sufficient time to remedy the problem, to restore full power and to ensure the safety of the building.

Unfortunately, there has been no alternative other than to close the school so that the power supply can be turned off and works completed as, during this period, we will be without heating and lighting. We have taken this step to make sure power returns swiftly and that we are up and running as soon as possible.

The school will re-open on Thursday 8 January 2015 and students should report promptly as usual at 8.45 am.

We do recognise this may cause inconvenience at home and thank you in advance for your support in this unforeseen situation.

Yours sincerely

MRS A E BYRNE
Headteacher
