

Tapestry Challenge!

It is recommended that your child should only have up to 1 hour on a digital device (e.g iPad, Tablet, Computer, Phone) per day.

For up to 30 minutes a day, support your child with math's online games

Can you complete the tapestry challenge?

All you have to do is

- 1. Spend time looking at the clouds and using your imagination to see what shapes, animals etc you can see.***
- 2. practice taking your shoes and socks off and on independently***
- 3. Talk about feelings. What makes you happy, sad, angry etc.***

Thank you
