

Tapestry Challenge!

It is recommended that your child should only have up to 1 hour on a digital device (e.g iPad, Tablet, Computer, Phone) per day.

For up to 30 minutes a day, support your child with math's online games
<http://www.ictgames.com/index.html>
<https://www.topmarks.co.uk/maths-games/3-5-years/counting>

For up to 30 minutes a day, support your child with phonics online games
<https://www.phonicsplay.co.uk/Phase2Menu.htm>
<https://www.phonicsbloom.com/>

Can you complete the tapestry challenge?

All you have to do is

- 1. Collect some leaves or other items and see if you can put them in height order from smallest to biggest**
- 2. Talk to your child about how when they return to school it will look different. You could show them the video that is on the school website. One way system, 2 meter rule, not hugging our friends etc.**
- 3. Encourage your child to get physical. Run, jump, crawl, maybe do some dancing, yoga. Anything that gets them up and moving while having fun.**

Thank you
