

Week 1 – Number

Early Years Foundation Stage

Week 1

Learning Objective: I can learn to find 1 more and 1 less with numbers up to 20.

Zap found a fun game – Let's play!

<http://parkfield.typepad.com/parkfield/2010/01/1-more-1-less-game.html>

Week 1

Learning Objective: I can learn to find 1 more and 1 less with numbers up to 20.

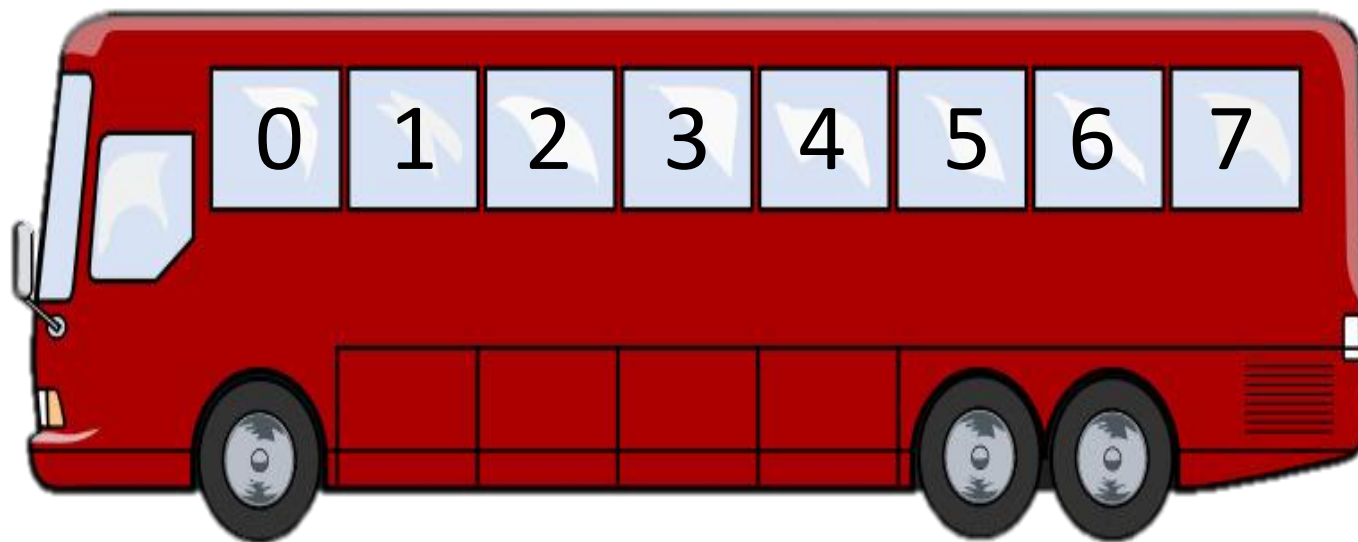

What is 1 more than 3?

Week 1

Learning Objective: I can learn to find 1 more and 1 less with numbers up to 20.

What is 1 less than 5?

Week 1

LO: I can learn to find different ways to add two numbers to make a total of 10.

Week 1

LO: I can learn to find different ways to add two numbers to make a total of 10.

The image displays a visual math problem. On the left, there are 10 airplane icons arranged in two columns: a single column of 5 airplanes on the left and a column of 5 airplanes on the right. To the right of the airplane icons is a number sentence template consisting of three blue rectangular boxes. The first box is followed by a plus sign (+), the second box is followed by an equals sign (=), and the third box is empty. This setup is intended for a student to write a number sentence based on the visual representation of 10 airplanes.

Can you write a number sentence?

Week 1

LO: I can learn to find different ways to add two numbers to make a total of 10.

Help Zap add two Numicon tiles to make 10.

Record the number sentence.

Week 1

Learning Objective: I can learn to record number bonds to 10.

Can you help Zap solve $7 + ? = 10$

Can you find the missing number?

$$2 + \quad = 10$$

Can you find the missing number?

$$6 + \quad = 10$$

Can you find the missing number?

$$5 + \quad = 10$$

Week 1

Learning Objective: I can fill in missing numbers in addition sentences.

(Number Bonds to 10).

$$0 + \underline{\quad} = 10$$

$$1 + \underline{\quad} = 10$$

$$2 + \underline{\quad} = 10$$

$$3 + \underline{\quad} = 10$$

$$4 + \underline{\quad} = 10$$

$$5 + \underline{\quad} = 10$$

$$6 + \underline{\quad} = 10$$

$$7 + \underline{\quad} = 10$$
