

## **FAMOUS MASTERPIECES ON DISPLAY AT THE EUROPEAN SCHOOL MOL.**

### **Art and creativity in the spotlight at ESMol.**

MOL, Belgium - April 4, 2016 - During the annual Open Day on Saturday, April 16, the European School Mol launches an important educational art project.

---

The pupils of nursery and primary school will start with their exciting "Museum @ school" project. Visitors get a sneak preview and the red carpet is from now on rolled out for young (and less young) art lovers.

Secondary school students exhibit their "Recycled Art" sculptures in the 20ha ESMol Open Air Art Gallery. Come and explore the gardens of the school and discover the artworks made from recycled PET bottles.

Would you like to take a look behind the scenes of the latest ESMol musical "We Will Rock You"?

Meet with the cast members, sing along with the chorus or order your tickets for the upcoming show (21st and 22nd April).

The show promises to be spectacular!

But there is more to do that day!

Come and visit the school located in the beautiful nature of Mol and take a look at the classes of the nursery school, the primary school and the secondary school. Get in touch with students and teachers from over 50 different countries. Strike a good bargain at the used book fair. Sharpen your knowledge about Europe and taste the different cultures at the international food court. Feel inspired by the multicultural atmosphere of the European School.

Warm welcome to all!

Looking for a fun, educational and artistic activity with your family?

When: Saturday, April 16th, 2016 from 2pm – 6pm

Where: European School Mol, Europawijk 100, 2400 Mol
