

Music is a unique way of communicating that can inspire and motivate children. It reflects the culture and society around us and can provide children with opportunities to better understand the world they live in.

We provide opportunities for all children to create, play, perform and enjoy music, to develop the skills to appreciate a wide variety of musical forms, and to begin to make judgements about the quality of music they hear.

Listening, creating or performing music can be a profound experience. We encourage children to reflect on the important effect that music has on people's lives.
