

Help students launch a digital career with Microsoft Apprenticeships

Apprenticeships

Digital skills are some of the most in-demand skills among employers, and the Microsoft Apprenticeships programme allows students to build valuable skills and qualifications - all while gaining on-the-job experience and an average salary of £15,000.

Here's how you can explore pathways to a digital career:

Explore types of roles. Find a digital role that fits your strengths, from data science to digital marketing.

Hear from apprentices. Find out what it's like to be an apprentice, from the experts.

Get help with applying. Our CV template and interview guide helps students stand out.
