## Create a Masterpiece & paint a rock!

- There is a craze at the moment to paint rocks and hide them for people to find. We would like to see what you can do!
- Here are some examples, but you can paint it to reflect any aspect of Humanities.
- To do this you will need to find a nice, flat pebble. Use paints or permanent pens and some clear nail varnish to go over it.

**(All entries are due to Miss Jordan in Hums 2 by Monday 25 February)**

# HUMANITIES HOUSE COMPETITIONS

Make a new  
Humanities  
word

- The English language is constantly changing and a lot of different cultures and races are having input into how our speech is developing and why.
- We would like to challenge you to create a new word and define that word, for example:
  - **Snanachy**.....the complete panic that engulfs the English at the smallest snowflake (related to weather – Geography).
- The stranger and more unique the better but must not be rude, crude or offensive and must relate to Humanities.

**(All entries are due to Miss Jordan in Hums 2 by Monday 25 February)**

# HUMANITIES HOUSE COMPETITIONS
