26th September 2018

Dear Parents and Carers,

**Maths Curriculum Evening for Parents and Carers
(Focus on Calculation Methods)
Wednesday 3rd October 2018 at 7pm**

You are invited along to our Maths Curriculum Evening for Parents and Carers on Wednesday 3rd October 2018 at 7pm in the Main School Hall. The evening is designed to give you information about various aspects of maths, with a main focus on showing parents the **calculation methods** we use at Hobbayne for the four operations of addition, subtraction, multiplication and division. The evening will start with an introduction about some overall areas of maths you can help your child with – including Mathletics and other online or physical resources – and we will then split in to four groups for parents to have the opportunity to rotate between four classrooms where we will demonstrate the journey for each of the four calculation methods.

We hope you will find the evening useful and that the demonstrations will enable you to successfully support your child at home throughout the year on these key number and calculation skills. We realise that methods have changed over the years, and hope that this refresher will be useful for all parents to understand the methods currently being taught.

If you would like to come along, please can you kindly complete the slip below and return it to the school office by 10am on Monday 1st October 2018. Please advise how many people will be attending so that we can prepare chairs and resources, and will know how many parents will be in each calculation group.

We look forward to seeing you.

Kind regards.

Mr Savage and Mrs Linney
Phase and Maths Leaders

Please return to the school office by 10am on Monday 1st October 2018

I am the parent/carer of _____ in _____ Class.

I will attend the maths curriculum evening on Wednesday 3rd October 2018 at 7pm in the Main School Hall.

Number of people attending: _____
