Action since last meeting

- Leah Baille facilitator from WE movement visited on 6/1/19 and worked with the KS2 school council. She talked to us about the importance of having a voice and how we can make change happen. MAKE NOISE. MAKE CHANGE. She talked about different issues in London and we debated our opinions. She explained 5 different ways that we can make change happen: fundraising, collecting items, raising awareness, volunteering and political. The School Council then planned what we would like to do to make change happen in our school and local area, to address the problem of waste and pollution, especially plastic.

Agenda

- Feedback we had from Leah, the WE facilitator
- KS2 school council shared their experience and ideas with the KS1 councilors.

Points agreed and action to be taken

- Wednesday 5th June is World Environment Day. We will celebrate this by dressing in green and asking children to bring in a donation for Friends of the Earth. Further information will follow.
- VL to register for a pack which we can use to measure the air quality in our area. Councillors to consider where we would be the best to locate these.
- We discussed what impacts air quality and the children are to monitor the use of water, electricity and paper in their classes and think about ways to reduce the amount we use and how we can be less wasteful.

The next meeting will be held on Wednesday 13th Feb at 10.30 in Lavender class.
