

## ALUMNI

*Many of our students go on to excel in the fine arts.*

Annie Carpenter left Kenilworth School and Sixth Form with four very good A levels including an A in Art.

She then went on to complete her Art Foundation course at Warwickshire College, before obtaining a BA in Fine Arts at Leeds University, followed by a Masters in Fine Art from Manchester School of Art. Annie is living in Manchester and developing her art at her studio in Manchester whilst working part time as a lecturer at Leeds College of Art.

If she were not busy enough she has used her A level in Physics too as she hopes to complete her BSc in Natural Sciences next year!
