

ALUMNI

Many of our alumni met their partners or husband or wife whilst they were studying at Kenilworth and here are two relatively recent leavers who are engaged to be married.

Kirsty Harris left Sixth Form in 2008 and went on to Coventry University to study English and TEFL, she graduated from there in 2011 with a 2:1 BA Hons and then stayed on for an extra year to do her Masters in English Language Teaching and graduated in 2012 with an MA with Merit. Kirsty then went on to use these skills in her work, between 2012-2015, she was a Teaching Assistant in a primary school in Coventry. She loved working with the young children and teachers there and when she left she was inundated with gifts, thank you cards and tears from the classes she left behind. In April 2015 she joined a top 30 company from the FTSE 100 list called Compass Group to work in HR, she thrived here and in October 2015, the company put her on a 2 year graduate programme within the HR/Learning and Development sector, where she is now Early Careers Coordinator with a vast number of responsibilities, that are both challenging and very varied and interesting. Kirsty travels around the country representing the Compass Group at University Job Fairs, recruiting and sharing her views on the Graduate Training Programme to final year students. We were very lucky that Kirsty had the time to pop back into Kenilworth School where she represented Compass Group for a Careers Talk and she also educated the Year 9s on the Industry and different routes available into a wide range of careers and HR. She was very excited to be back.

Kirsty's husband to be is Matt Tuckey (brother of Mr Tuckey, can you spot the likeness?) who left the school in 2009 and he then went to Warwickshire College to study for his HND in Business for 2 years. Matt then worked at Sainsbury's as a General Assistant for 1 year, and in 2014, Matt gained his degree in Business, Strategy and Management from Gloucestershire University. In September 2014, Matt joined Carillon on a Graduate Scheme where he is currently in the central management - Operational Excellence team. Matt loves the variety and challenge of his work, particularly as it allows him to use and develop his people skills.

Kirsty and Matt have bought their first home together in Kenilworth and will be married in the summer of 2017.

If you met your spouse or spouse to be whilst at Kenilworth please share your story with us by contacting Kenilworth School via alumninews@ksnadmin.ksn.org.uk
