Head: Mr H. Abbott, B.A.(Hons.), M.Ed, NLE

16th September 2016

Dear All

The care and guidance that we provide to students is important to us, and as part of that, every student is ready for the next stage in their education or career. To this end, we have had two induction events for parents and students in Years 7 and 10. In the Sixth Form, we will shortly begin the process of advice, and guidance in assemblies and one to one tutorials on career choices and applications with our Careers Advisor. It is right that at the start of the academic year, we focus on the areas which we wish to enhance over the year. The priorities below have been informed by feedback, consultation meetings and reviews that we have undertaken over the last year. The student is always at the centre of all that we do and a central feature of our mission statement is to motivate our young people to achieve more than they ever thought possible. We also aim to awaken a curiosity and passion for learning so that our students can play a full part as adults in shaping the society of the future. The key priorities are;

- To implement new assessment arrangements and improve data systems, tracking and communications
- To enhance teaching and learning through a personalised coaching programme
- To improve engagement and reduce gaps in progress and attendance between pupil premium and non-pupil premium students
- To ensure that pupils make the best possible start to their secondary education and provide timely Independent Advice and Guidance from KS3 onwards
- Enhancing the ethos of support to promote wellbeing for all year groups targeting vulnerable students in particular
- To review staffing including leadership and professional effectiveness to improve outcomes for all
- To provide effective school to school support and share and learn from best practice to improve overall standards

If parents wish to discuss any of the above areas, they are welcome to raise them at the forthcoming consultation meetings and suggestions or contributions from parents or other members of the community will be most welcome.

Following a very competitive selection process of interviews and assessments, I am delighted to report that we have appointed the following Year 11 students to key leadership positions:

Head Boy and Girl: Ryka Sekhavati, Lucy Taylor
Deputy Head Boys: Oliver Weaver and Charlie Morris
Deputy Head Girls: Hadassah Wallace and Michelle-Louise George

Thank you for your continued support.

Yours sincerely

H.H.S. Abbott
Headteacher

DIARY DATES

September

21st Open Evening
Leyes Lane
(Year 7 to 11
students will
finish school at
12.35pm)

22nd Year 8 Manor
Information Evening
6.30pm Lower Hall

200 Club Winners

July

£75 - Catherine Bromwich
£25 - Lisa Reay

August

£75 -Sandra Digby

open as normal.

Year 7 Parents

Welcome to our weekly newsletter. For the first couple of weeks we will produce a paper copy of this newsletter for Year 7 students.

From the end of September we will then start sending the newsletter electronically to you via the email address you have provided us with on your data sheets.

If you have any suitable news about our students please contact Hilary Hughes on h.hughes@ksnadmin.ksn.org.uk

Thank you

You can also find us on Facebook!

Music Theory Class

Monday Lunchtimes 12:40-1:20pm

Suitable for students who are working towards their Grade 5 Theory

For details contact Mr Pugh in the first instance.

PTA

It was great to see so many new parents at our PTA meeting on Monday evening. Our plans for the Autumn Term fundraising include the very popular Quiz Night on Saturday 15th October and a return of the Christmas Shopping Evening (Friday 18th November) that has proved to be so successful. At the meeting the PTA agreed to fund the Maths Challenge which is undertaken by students across many year groups and we agreed a contribution towards the Space, Rocket and Robot Club's forthcoming field trip. If you would like further information on anything to do with the Kenilworth School PTA please email kenschoolpta@gmail.com

Next meeting is AGM on Monday 3rd October at 7pm in Lower School Learning Resource Base (Library)

Morrisby: Careers information

In addition to the careers support we provide in school, we are offering students the chance to take advantage of the Morrisby Online careers tool. This can be a valuable tool in your son's/daughter's future decision making about Sixth Form as well as research into careers and higher education.

It is most appropriate for Year 11s onwards.

Your son/daughter will take an 80 minute online assessment and questionnaire which measure a variety of elements including aptitudes, career interests, work attitudes, talents and motivations. Once the assessment is complete, they will have access to personally tailored career and education suggestions, plus careers-related resources, all presented on an interactive website.

The cost of the subscription to the service is £24.00 per student, which we are asking parents to fund. If you would like your child to take part, please pay by visiting the following page: <https://app.morrisby.com/p6TE2Q>. Once you have paid you will automatically have access to the test.

The system is fully secure and all major debit and credit cards are accepted.

Please note, if you are registering for more than one child you will need to make individual payments.

For further information, download the parent information pack from www.morrisby.com/parents

If you have any questions please contact our Careers Adviser: K.Abbott@ksnadmin.ksn.org.uk (01926 513612)

Upper Dining Room

On their return from the Summer Holidays students found a lovely freshly refurbished dining room funded jointly by the school and our caterers, Innovate.

Introducing New Members of Staff

Mr Evans – Assistant Head

I am delighted to be joining Kenilworth School as Assistant Headteacher. I have been teaching for fourteen years all at one previous school where I spent ten years as Head of Music and 2i/c for the Performing Arts (teaching English also). For the last two years I have been part of a small SLT which has exposed me to many different roles covering school leadership.

I have many great memories from my career to date; the wonderful school performances, managing successful football teams (taking one on tour in Brazil and Argentina), the ski trips, and latterly helping to train and support teachers in their practice and continued professional development.

Outside of school I enjoy playing music, either piano or guitar, occasionally acting in local theatres, and also being Musical Director for various theatre companies (although I am taking a year out at the moment!). I also try to get to see the sleeping giant that is Coventry City FC play whenever I can, and generally enjoy most sport.

I am deeply passionate about learning and believe that every child has the right to an outstanding education. I am really looking forward to getting to know and working with the staff and students at Kenilworth this year and am excited about what can be achieved now and in the future.

Mrs Talbot – Assistant Head

I am very pleased to have joined the Senior Leadership Team at Kenilworth School. My role is to lead coaching initiatives for staff and students alongside teaching both Chemistry and PE. I studied Chemistry and Sport Science at Loughborough University before gaining my PGCE, in Chemistry, at Birmingham University. Prior to teaching I worked in Financial Services and travelled extensively. I began my teaching career at North Birmingham Academy before moving to Stoke Park School, in Coventry, where I held the position of Head of Science.

I feel privileged to be given the opportunity to work at Kenilworth School and I look forward to meeting and working with you all.

Mrs Pratt – Science Teacher

I recently joined the Science department in September, my particular specialist area is Physics.

I studied for my MSci in Physics at Imperial College London, and gained my PGCE teaching qualification at the University of Warwick. Last year I spent some time teaching at Kenilworth so some students might recognise me. Prior to Kenilworth I was teaching Science in Leamington.

I am really looking forward to getting into life at Kenilworth School. Our school is held in very high regard locally, and it will be a real pleasure to be part of it.

Outside of school I play badminton in the Coventry leagues, as well as occasionally representing Warwickshire.

CONGRATULATIONS TO OUR NEW HEAD BOY AND GIRL

Following a very competitive selection process we are pleased to announce the following Senior Prefect Appointments

Ryka Sekhavati
Head Boy

Lucy Taylor
Head Girl

The field was so strong this year with more applicants than ever before, and as a result of this, we will be making two deputy head appointments with specific responsibilities for each deputy.

Michelle-Louise George
Deputy Head Girl

Charles Morris
Deputy Head Boy

Hadassah Wallace
Deputy Head Girl

Oliver Weaver
Deputy Head Boy

The six students will together form a student executive team

Leavers Hoodies

Leavers' hoodies can be collected from Mr Holdforth's office (Mrs Dandy's old office). There is a sheet on top of the hoodies and you need to tick next to your name when they take the hoodie.

There are also some photographs from the Leavers' Ball that are available from Upper Office so please have a look and take yours if it's there! Thank you Mrs Hackett

Warwickshire Athletics Success

Congratulations to Jake Minshull Year 7, Tom D'Souza Year 9 and George Hinchliffe Year 10 who were all selected to represent Warwickshire Clubs at the Northern Intercounties athletics competition on Saturday 10th September.

All three performed extremely well and helped Warwickshire become the winning county against 7 other counties.

All pupils are welcome to attend any of the sports clubs.
Pupils must wear the correct kit for the activity.
If you have any questions please ask in the PE office.
More clubs will be added at a later date.

Mr Cassell

ALUMNI – Robyn Dowson

I waved goodbye to Kenilworth in August 2010, having achieved A Levels in Psychology, English Literature and Theatre Studies. I was accepted to onto a BSc in Psychology at Cardiff University, my first choice university. I specifically chose a course that included a year in industry, as I wanted to gain relevant experience before I graduated. I completed a year in industry as a Research Assistant within the Cerebra Centre for Neurodevelopmental Disorders at the University of Birmingham in 2013. In my role as a Research Assistant I worked along two PhD students who were researching the behavioural phenotypes of rare neurodevelopmental disorders, such as Fragile X and Cornelia de Lange syndromes. This placement was very rewarding as I got to work closely with families whose lives had been affected by these genetic conditions, and I was able to see how research could significantly benefit children with genetic syndromes, and their families. It was during my placement year that my interest in psychological research first began to take shape, and on returning to Cardiff for my final year I applied to a research Masters programme at the University of Manchester to continue my research training. I graduated from Cardiff University in 2014, with a First Class Honours degree, and was accepted unconditionally onto a Psychology MRes programme.

Having completed my Masters degree with a Distinction, I was accepted onto a PhD programme at the University of Manchester. My PhD is looking to understand the first-hand experiences of people living with dementia when they engage with music. I am working with the Manchester Camerata orchestra, who run innovative music projects for people living with dementia in care homes. I love that my PhD has combined many of my significant interests, including psychology and music, and I was very excited when my PhD work was featured within a Guardian article back in February (<https://www.theguardian.com/social-care-network/2016/feb/29/music-projects-cut-cost-dementia-care>). I am now coming to the end of my first year of my PhD, and I have enjoyed every moment of it so far. I never imagined my path following my time at Kenilworth School would lead to me spending 9 years at university in total; but I have embraced every opportunity that has come my way and this is where it has led me. In the future, I hope to work with people living with dementia in order to enhance their quality of life through the use of creative arts activities.

If you are interested in following my PhD journey I blog with a fellow PhD student about our experiences: www.twophdgirls.wordpress.com

I also tweet about my research and interesting articles related to the use of the creative arts in dementia care. My twitter handle is @robyndowlen

Digital Workshop for Teenagers - Fusilier Museum Warwick, St John's House, Warwick, CV34 4NF

Tuesday 25th October 2016 2.15pm-3.45pm (1 ½ hour session)

Arrive 2pm-2.15pm for registration and a drink

Experimental games designer, John Sear, will lead this exciting digital workshop. Participants will use their curiosity and imagination to create an audio trail in the museum using mobile phones & apps. John will introduce the topic, use case studies and hands on practical activities.

Participants will explore the museum displays in interesting and fun ways using modern technology. Sign up for this hands-on & creative digital workshop (all materials provided).

John worked in the games industry for Codemasters and Renga. He now uses his enthusiasm and skills with museums.

£4 for workshop, places limited, please book in advance.

PARENTS' CONSULTATION MEETING

The next Parents' Consultation meeting will take place on Friday 30th September at 2.30pm in the Conference Room.

This is a chance to have consultation with Mr Abbott within a small forum of parents.

Any parent interested in attending, please contact
Linda Fayolle PA to Headteacher on 859421

SWEDISH VISITORS

We are looking forward to welcoming eight teachers from Sweden who will be looking at good practice in Teaching and Learning here at Kenilworth School and Sixth Form.
