Helping children to get better and better at everything they do

Walk the World - South Africa

We have re-launched 'Walk the World' for 2016-17 and have managed just over 2,000 miles between us in the past two weeks. Our total miles took us to South Africa in assembly this week. Pupils learned about the school system in South Africa and took a quick photo tour around some of the dramatic landscape scenery including Table Mountain.

Waiting and Parking

All parents are reminded of the need to be considerate to others while using the roads around the school. Please ensure that you do not inconvenience local residents or other parents by the location in which you choose to park your car. Be safe and be legal! Local residents and parents are advised to contact Thurrock Council with any complaints regarding inconsiderate or dangerous driving and parking behaviour.

Do not ride bicycles or scooters on the school grounds

The End of the School Day

We ask that parents please bear in mind that KS1 and KS2 children are still learning up to the 3:15pm pick-up time. Please keep younger siblings away from the school buildings and **do not permit them to play on ramps or steps by school entrances** as this is unsafe and makes noise which disturbs pupils in class. Under no circumstances should younger siblings or parents enter the school buildings while waiting to collect pupils.

Please ensure you inform the school office in the morning if your child will be collected by a different adult to usual after school.

Early Collection

We would like to remind parents that early collection on Friday is not permitted without evidence of a medical appointment. This follows on from the level of disruption that early collection causes to learning.

Time to Read

The Book Trust have produced a wonderful set of resources and tips on their 'Time to Read' project website to help families enjoy reading together. Not just younger children, the older ones too! Their first challenge: Could you find 10 minutes a day to share a story together?
