

Year 12 Careers Fair

On Wednesday, during Periods 4 and 5, Keswick School welcomed 34 different universities, training providers, businesses, employers, student ambassadors and apprentices to set up stalls in the Queen's Hall and foyer. Year 12 students "shopped around" talking to and interacting with as many as they could, as well as attending CV writing and mock interview workshops, and specialist subject talks. Keswick School would like to thank everyone who gave up their valuable time to attend, especially **People Decisions**, Penrith and **NXT Recruitment**, Carlisle who delivered the Mock Interview and CV workshops. It was also lovely to welcome back a number of ex-students.

Year 10 Work Experience

All of our Year 10 students are making the final arrangements before entering the world of work in Cumbria, the UK and even the world(!). We wish them all the very best and hope they embrace and enjoy their chosen workplaces. Once again we are very appreciative of all the employers who have taken on our students for a week. It is experiences such as these they stay in students' minds long after they leave school, and very valuable lesson about life and work are learnt.

A word of advice to **Year 9 students (and parents)**: if you are considering placements such as veterinary, police, law for June 2020, you are strongly advised to start applying now, as there is always very strong competition and placements are snapped up fast. We officially launch work experience just before October half-term. Next year's dates are 15 – 19th June 2020.

Creative Careers Open Evening (Years 10 - 13)
