

Mrs Avery, Head of Careers, continues to send out emails to all Year 10, 11, 12 and 13 students with courses, residentials, taster days, articles, conferences to do with careers, universities, colleges and apprenticeships, both local and national. Please encourage your sons and daughters to read and share them with you. All information given in this bulletin has been shared with the relevant students.

**“Levavi Oculos”** is the motto of Keswick School. We encourage all of our students to “lift up (their) eyes”, to aim high and to make the most of every opportunity they possibly can.

Mrs McIntosh in the 6<sup>th</sup> Form Centre is continually updating the 6<sup>th</sup> Form website to help make the myriad of university, apprenticeship and careers opportunities as accessible as they can be.

All Year 11 students have been offered a 30 minute one-one careers interview with an impartial outside careers provider. If you would like your son/daughter to have an interview, ask them if they requested one, and, if they haven't, drop Mrs Avery a line to [careers@keswick.cumbria.sch.uk](mailto:careers@keswick.cumbria.sch.uk) or call extension 233.

### **Step Into the NHS Competition (Year 8)**

Before Christmas and into the beginning of the new term all Year 8 students have been completing their entries for the *Step Into the NHS* competition as part of their careers education in Personal Development lessons. Once again there was an amazing variety of fantastically creative and imaginative entries. All were boxed up and sent to the sorting office. We now have to wait until the end of March for the results. Last year the national winner came from Keswick School. No pressure then...

### **Year 10 Work Experience**

Mrs Avery and Mrs Hodgson are working hard to process the work experience placements for our Year 10 students, who will be out of school and in the workplace for a week in June. Thanks to all students who have their placements sorted, or have informed Mrs Avery if they are waiting for confirmation.

### **British Heart Foundation, Workington, Volunteering Roles (age 16 – 18)**

The British Heart Foundation are looking for volunteers. Please see the attachment for details of the available roles.

### **National Nuclear Laboratory Summer Work Experience (Year 12)**

Year 12 placements will take place on the following dates:

- **22nd to 26th July:** Cumbria week 1
- **29th July to 2nd August:** Cumbria week 2

If you know someone who is interested in applying for a place, please direct them to <http://jobsearch.nnl.co.uk/>

**Note:** The deadline for applications is **14th February 2019** (Applications received after this date will not be accepted)

### **Lakes College Open Evening**

The Lakes College open evening is Wednesday 13<sup>th</sup> February.

### **Pure Potential (6<sup>th</sup> Form)**

Keep a constant eye on the Pure Potential Events and Opportunities board that lists lots of great experiences, programmes, insight days and taster sessions for your children from leading institutions and organisations, such as:

- The Sutton Trust
- UCL
- The Royal Society of Medicine
- Inner Temple (Becoming a Barrister)
- Bank of America Merrill Lynch
- PRIME Legal Work Experience
- University of Gloucestershire
- Generate London
- Fulbright Commission
- EY

...and more!

Their board is updated regularly with new opportunities.

Go to the Pure Potential website for more information.

### **New InvestIN Education Programmes for Students Age 12 – 15**

Following hundreds of emails requesting programmes for a younger age-group, InvestIN are launching their 'Beyond' series of programmes in April. The **Beyond Science** and **Beyond Maths** programmes take students on a journey beyond the classroom: coaching them on 'super-curricular' concepts AND giving them an experience of highly-desirable careers that these subjects can take them to...

Go to the InvestIN Education website for more details.

### **InvestIN Education Young..... Programmes (age 15 18)**

A reminder of all the one day courses throughout the year available in London, Manchester and abroad, for those students interested in being a Doctor, Lawyer, Investment Banker, Engineer, Politician, Journalist or Business Leader.

Go to the InvestIN Education website for more details.
