@_TreeHouseClub_

Firstly, everyone at Tree House Club would like to wish you a very happy new year. As we step into 2018 let's look back at the end of last year and the festive fun we had.

The Christmas Fair was a huge success and our stall made litres and litres of festive slime! Well done to one of our Y4 children who guessed the amount of milk bottles in our igloo (380) and received every Friday session in December free of charge.

New Spaces

If you are interested in using our club for either set days or on an ad hock basis, we just need a registration form and £5 admin fee. At Tree House Club we work hard to achieve an active, fun and stimulating environment for all of our children. A large range of healthy snacks and breakfasts are available at all sessions. For more information email G.Dopson@lawn.derby.sch.uk .

As Christmas approached we had a party exclusively for Tree House Club children where we played pass the parcel, dressed up as snowmen, had glitter tattoos and much more. Unfortunately we had to say goodbye to Miss O'Hare on Thursday afternoons, but we're sure she will be back soon.

Inset Day 03/01/18

What a memorable way to start the first term of 2018! Another sell out inset day. We were lucky enough to be visited by many exotic animals including- snakes, a meerkat, scorpions, frogs, lizards and many more.

As well as some amazing animal encounters we got our hands dirty (or rather lardy!) making bird feeders and animal models from clay.

Our next inset day session is on 16/02/18 and I am excited to say we will be celebrating Chinese New Year with a dragon and dance workshop, traditional Chinese cooking and much more!

We have continued exploring different countries and one of our recent favourites was Australia- making boomerangs and tried our luck at Aboriginal art.

Polite Reminders

- **Please ensure your child is signed in/out of every session!**
- Please make sure you shut the gate when you enter/leave the school
- Please be reminded to email Mr Dopson if your child can't attend a session
