

Geography at a Glance	
Head of Department	Mr D Ritchie
Lessons per fortnight	5
Homework per fortnight	120 mins

## Year 10 Geography

### 1. Course & Subject Information

Geography teaches about the Earth's places, peoples, environments and societies. At the core of Geography lies the understanding of the relationships and impact between people and the environment. It recognises the great differences in cultures, political systems, economics, landscapes and environments across the world.

### 2. Course/Subject Structure

Term 1	<ul style="list-style-type: none"> <li>• A global perspective on development issues.</li> </ul>
Term 2	<ul style="list-style-type: none"> <li>• Shaping the Landscape – rivers and river management. Coasts and coastal management.</li> </ul>
Term 3	<ul style="list-style-type: none"> <li>• Weather and climate.</li> <li>• Climate change – cause and effect.</li> </ul>

### 3. Recommended texts or websites to support home learning

The core series of textbooks used in the department are the Key Geography collection by David Waugh.

Current news stories often contain geographical events so it would be helpful to ensure your child is knowledgeable of any relevant events.
