

PFA Event Questionnaire for Parents and Carers

We are holding a Preparing for Adulthood Event for all young people and their parents/carers and would like to know your ideas about what you would like to know and who we invite to the event to provide information to you.

The Parent and Carers in Partnership (PaCiP) (Parents Forum) sent a survey out recently and we will use your responses you shared to form part of the services we will consider to request attendance at the event. Most of the services are covered in our boxes below .

The event will be organised by the Preparing for Adulthood Team within the Children and Young People Disability Service (part of Achieving for Children). The aim of the event is to allow all young people within the local authority who have an Education, Health and Care Plan or have special needs to make an informed choice about their future. This will help you to work towards outcomes related to employment, independent living, community inclusion and health.

Please number your 3 priorities in the boxes below if you would like this area represented at the event. While we will consider individual requests we will analyse the responses as a whole and select the most important areas.

Employment

- Careers advice
- Supported employment
- Supported Internships
- Apprenticeships
- Colleges
- University
- JobCentre
- Work Experience

 Other
