

Dear Parents / Carers

24 November 2017

SportsAble Statement from Manor Green School

In light of today's newspaper reports in the Maidenhead Advertiser and others, we would like to reassure parents that the school has had no dealings with the previous volunteer at SportsAble, who has been found guilty of child sex offences.

This person had their membership retracted by SportsAble at least three years ago and our partnership with them is just entering its second year, so this case pre-dates any link between the school and SportsAble.

All SportsAble staff and volunteers who work with our students have enhanced DBS clearance and are always accompanied by our own staff on all occasions. We take the safeguarding of students at all activities associated with the school extremely seriously and we will continue to do so.

Joolz Scarlett
Headteacher
