Above are just a few of the comments from some of our wonderful visitors, who now return year after year to holiday at the Centre Algarve. These special people have stopped being just "guests" and are now the foundation of our extended family. Whether you are a specialist school group, organisation or family unit we want you to benefit from this unique holiday complex, which we are so proud to be associated with. As we are permanently here in the Algarve, we can help plan your trip and ensure that everything you ever dreamt of becomes a reality. Should you need special dietary menus, equipment to assist with your stay, or hosts who go that extra mile to ensure you have a safe and magical holiday then look no further. Please feel free to contact our team for more information on what we can offer and our availability. We look forward to meeting you soon.

The Centre Algarve was developed to support guests with special needs and those who are less able, to enjoy a much needed break with their families or carers. We created a safe environment that was specially designed with them in mind.

We have 14 climate controlled hotel rooms, 6 of which are suitable for the less able and 2 of which are fully equipped with everything to accommodate those with more physical disabilities. All rooms have WI-FI and TV.

Our restaurant can supply buffet meals for larger groups or set menus for individuals. We are always happy to cater for special dietary needs and can liquidise food for guests who need to be fed in alternative ways.

Other features at the Centre Algarve are:

Soft Play / Sensory room

Children's Activity room
