

Dear Parent/Guardian

New Recycling Initiative – Receive up to £2,000 for your school!

We are working with your child's school to help raise funds through the recycling of plastic bottles, and we would love for you to get involved in this new recycling scheme.

Greenredeem has provided your school with a Recycling Kiosk similar to the image below which will scan and collect all the plastic bottles. We will also provide your school with educational resources and lesson plans (from Plastic Oceans UK).

The machine will accept **plastic drinks bottles only** (up to 2 litres) and for every plastic bottle that is deposited in the machine, we will give your school 5p.

During the project (which will last up to 12 months) your school could collect up to 40,000 bottles and earn £2,000 funding. Think what your school could do with all that money!

Start donating your plastic drinks bottles today!

Please ask your child/children to bring in all their plastic drinks bottles from home and donate them to the school. Please note that milk bottles are NOT suitable.

The scheme will highlight the importance of recycling and reduce the amount of plastic that ends up being disposed of, incinerated or littered, finding its way into the countryside or the marine environment.

For us to get a better understanding of your views on plastic bottles, and recycling, we would like you to complete a short survey (where 5 lucky winners could **win a £10 M&S voucher!**)

For more information and to complete the survey, please visit:

www.greenredeem.co.uk/rbwmschools

We also will be sending home, via your children, an information leaflet, to get you started!

PLASTIC – if you can't refuse it – re-use or recycle it! We look forward to you all joining us in this very worthwhile cause, **so don't delay, get recycling today!**

Many thanks

The Greenredeem Team
