

Parent Toolkit

Free autism training from The Autism Group

Understanding Behaviour - Making Sense of Sensory Differences

We examine the overlooked sensory causes behind challenging behaviour, and how to recognise and respond to them.

Suitable for parents and carers of children of primary or secondary school age.

WHEN?

Wednesday February 13th 2019
6.30 pm to 8.30 pm

WHERE?

Bracknell Open Learning Centre
Rectory Lane
Bracknell RG12 7GR

- † Suitable for anyone living or caring for someone with autism, whether newly diagnosed, facing new life stage challenges or simply wanting to refresh their knowledge and understanding.
- † A 2 hour session packed with information and ideas to better equip carers in responding to the needs of those on the spectrum.
- † Friendly, interactive style delivered by qualified autism trainers who can also share their own experience as parents of people on the spectrum.
