25 January 2019

Dear Parents/Carers,

## **Year 13 Astrophysics Study Day – Royal Observatory, Greenwich** **On Thursday 28 March 2019**

The Physics Department are pleased to announce a trip to the Royal Observatory, Greenwich to support A Level student's studies and prepare them for their final examinations. While at the Royal Observatory there is a full programme organised to include visits to the Planetarium and the Weller Astronomy centre, also attendance at Studying Starlight and Stellar Evolution workshops.

Students will be travelling via the school's minibus, departing school at 09:15, returning by approximately 15:25. I will be accompanying the trip along with a colleague. The cost of this event is £10 per student to cover travel, workshops and insurance.

We recommend your son/daughter bring a packed lunch and drinks as there may not be time to buy food and drink at the site. They should be smartly dressed in their usual 6<sup>th</sup> form uniform and be prepared with adequate pens and paper to make notes. Cases of financial hardship, or students currently receiving free school meals can approach the school with regard to requesting financial assistance, this will always be discussed in confidence. If financial help is required please write to either myself or Mrs Ferrara in the Finance Office. You can also a note to the attached reply slip if you wish or email [ferraraa@mgsg.kent.sch.uk](mailto:ferraraa@mgsg.kent.sch.uk) .

If you wish to secure a place for your child on this trip please complete and return the attached reply slip and make a payment in cash, cheque, or online via SCOPAY.

Yours faithfully,

*L Trill*
