The children were taken onto the playground and shown the playground equipment which is no longer fit for purpose due to weather damage and general wear and tear. Miss Wilson explained to the children that Mr Woodall, the school business manager had secured some funding from the sugar tax refund which would provide the school with new equipment. Two photographs of different playground equipment were given to the children. They were then asked to hold a classroom vote to find out which should be fitted.

Children asked if the meeting day could be changed to another as they do not like missing receiving their awards in assembly. I told the children that I might be able to change my assembly day after half term.
