Dear Parents

### Year 4 Trips

This term we have organised two trips to support our classroom work for pupils in year 4.

We are visiting Heysham Power Station near Morecambe, to find out how electricity is made and to tour the plant to see some of the work that goes into keeping the electricity station working. This is supporting our science topic for the term.

Also, we are visiting a recycling plant in Sharston, Manchester to find out what happens to rubbish once collected and what and how products are recycled. This supports our PSHE topic this term.

For both trips children need to wear their school t shirt and sweatshirt and sensible trousers and footwear. Legs have to be covered for both trips so no shorts or skirts. Both trips will be mainly indoors however they should bring a coat to wear when walking from the bus.

As usual, children should bring a packed lunch unless they are eligible for a lunch from school when one will be provided.

To support these trips, please could you arrange to pay £4.00 using Parent Pay or collect a barcode letter from the school office to pay at a Paypoint shop.

Both trips are great experiences and will support their work this term a lot. Dates are:

Maple 1: Heysham - Tuesday 20 November      Sharston recycling- Monday 26<sup>th</sup> November

Maple 2: Heysham - Thursday 15 November      Sharston recycling – Thursday 22<sup>nd</sup> November

Maple 3: Heysham - Tuesday 13 November      Sharston recycling – Wednesday 28<sup>th</sup> November

Thank you for your support

Yours sincerely  
Year 4 staff
