

### Progress Reviews – Working with Parents and Students

Ousedale School uses a **Progress Review** system to provide a ‘snapshot’ of its students’ pastoral and academic progress. Teachers continuously assess students’ work so that there is an accurate picture of the overall progress including attitude to learning and homework.

The table below indicates what each PR will contain in terms of academic information. Parents are encouraged to discuss the results of a PR with their son or daughter. PR dates can be found on the school calendar available on the website
