INTRODUCTION

This Policy is divided into two parts: an outline for a Disability Equality Scheme and an outline for an Accessibility Plan. This plan will be published on our website. It will also be made available on request to any current or prospective parent who requests it.

PART A - DISABILITY EQUALITY SCHEME

1. POLICY STATEMENT
Saffron Walden County High School is committed to a fair and equal treatment of all individuals regardless of disablement. Saffron Walden County High School will welcome applications from people with disabilities to join the school community as students and staff.

“A person has a disability if he or she has a physical or mental impairment that has a substantial long term adverse effect on his or her ability to carry out day to day activities” – the Disability Discrimination Act, 1995 definition of disability.

The School’s Equality Policy is to ensure that there is no discrimination against any sub-group within our community. The school has been designed and/or adapted to have provision and accessibility for people with disabilities so that they may be integrated fully into School life. This includes parents and members of the wider community.

The curriculum will be designed so that it may be delivered to provide flexible and equal access to all students whether they are able or have learning difficulties/physical disabilities as far as is practicable within a mainstream educational establishment.

2. AIMS

The aims of the Scheme are to ensure that:

1. equality of opportunity is promoted between disabled people and other people
2. discrimination that is unlawful under the Equality Act 2010 is eliminated
3. harassment of disabled people that is related to their disability is eliminated
4. positive attitudes towards disabled people are promoted
5. participation by disabled people in public life is encouraged
6. steps are taken to meet disabled people’s needs with a focus on policy and not just the needs of individuals
7. applications for admission from all potential students are considered in line with the published admission arrangements
8. applications for employment are considered and assessed on the basis of the applicants’ aptitudes, abilities and qualifications
9. staff with disabilities and students with learning difficulties/disabilities have access to the appropriate support, including the delivery of written information, and adaptations to enable them to be fully included in the life of the school
10. the views of individual students, staff, parents, visitors, and members of the community are taken into account:
   • as this Scheme is prepared and reviewed
   • at all times when their requirements are being assessed
11. all students are fully integrated into the school and individual needs are assessed and supported as far as is practicable within a mainstream educational establishment
12. staff working with people with disabilities, either as colleagues or as students, have appropriate information, support and training
13. steps are taken to enable staff and students who become disabled during their time at the school to continue in their chosen career or course of study as far as is practicable
14. members of the public with disabilities can fully participate in public events held within the school

1 Throughout this Scheme the term “parents” means all those having parental responsibility for a child.
15. our premises are accessible and safe for people with disabilities, so far as is reasonably practicable, and
16. no student or staff member with disabilities is treated less favourably as a result of her/his disability

3. ROLES AND RESPONSIBILITIES

It is the responsibility of the Governing Body to establish the policy on Disability Equality, to approve an Accessibility Plan and to monitor the effects of the Scheme and Plan.

It is the responsibility of Headteacher to ensure that:
1. disabled staff, students and users of the school are not disadvantaged because of their disabilities
2. consultations on the development and implementation of the Accessibility Plan will involve interested individuals and groups
3. all breaches of good practice are addressed promptly, using informal procedures where possible but implementing formal procedures where necessary

It is the responsibility of all staff to familiarise themselves with and comply and implement the Scheme and the Plan in accordance with professional standards.

4. DEVELOPMENT OF THE SCHEME AND PLAN

We will make best use of available expertise: disabled students, their parents, specialist teachers, local voluntary organisations and others to help to identify practices and arrangements that act as a barrier to including disabled students; the local authority will also be consulted to provide advice and information.

The Scheme and the associated Accessibility Plan will be informed by students, staff and parents with learning difficulties/disabilities. Their involvement will inform the preparation, development, publication of the Scheme and Plan and the arrangements for the review and reporting on the Scheme and Plan. They will help to identify the priorities, how these priorities should be met in the Action Plans and how we should assess its progress.

It is intended that such involvement should:

1. provide insights into the barriers faced by students, staff and parents with learning difficulties/disabilities
2. use expertise to identify ways to overcome these barriers, and
3. improve working relationships between Saffron Walden County High School’s Governing Body and students, staff and parents with learning difficulties/disabilities

The involvement of disabled people in drawing up this Scheme, including the means of its communication will include the following:

1. Consulting with parents via meetings and the SEND panel (which includes the SEND governor)
2. Consulting with students via tutorials and questionnaires
3. Staff questionnaires

Information will be gathered by:

1. SENCo
2. Senior Leadership Team
3. Head of Facilities

The information will influence the Scheme as follows:

Analysis of the information gathered will enable the school to identify the areas of the curriculum which present difficulties for students with learning difficulties/disabilities and whether the physical environment hampers access to the whole life of the school, and try to make adjustments accordingly.
We will consider how priorities identified in its Accessibility Plan fit in with other priorities that the school has to address.

5. IMPLEMENTATION

The Special Educational Needs Co-ordinator (SENCo) will be responsible for ensuring that staff and parents are made aware of this Policy and that the Disability Code of Practice set out below is followed.

The Headteacher and the Governing Body will have overall responsibility for ensuring that this Policy is implemented.

6. DISABILITY CODE OF PRACTICE

Environment:

1. We will plan improvements to the physical environment of the premises and physical aids to access education
2. Any future building projects will be considered at the planning stage for accessibility and usability by people with disabilities
3. We will take a strategic approach to planning for increased disability access; this might include linking accessibility projects to all other capital building work where appropriate
4. We will consider where appropriate, accessibility in all purchasing decisions
5. Evacuation procedures and escape routes will be carefully planned and published for students and staff with disabilities and those who have disabilities who are users of the premises

Students:

1. Applications will be considered in line with the published admission arrangements for all students. An applicant’s learning difficulty/disability will not prevent her/him from being offered a place and being integrated into Saffron Walden County High School unless:
   - the content, structure and delivery of the curriculum are such that the student would be prevented from fulfilling a major part of it, or
   - we would be unable to provide suitably trained staff or facilities to allow the requirements of the National Curriculum to be met
2. We will aim to provide students with learning difficulties/disabilities the appropriate support to enable them to be fully integrated. We will not treat a student with learning difficulties/disabilities less favourably than any other student and will make reasonable adjustments to ensure the full participation and integration of students with learning difficulties/disabilities.
3. As far as resources allow, the needs of students with learning difficulties/disabilities will be taken into account in the design, structure and flexibility of teaching methods and delivery. Where a curriculum area is organised in such a way that a student with learning difficulties/disabilities cannot fully participate, alternative provision will be made.
4. We will make written information available to disabled students in an appropriate format. The information normally provided by the school to its students will be made available to students with learning difficulties/disabilities, taking account of students’ disabilities, students’ and parents’ preferred formats and be made available within a reasonable time frame.
5. Students with learning difficulties/disabilities or who become disabled whilst studying at Saffron Walden County High School will be given appropriate support from staff to enable them to have equal access to the curriculum. Individual needs will be considered and addressed by all curriculum areas in collaboration with the SENCo and an individual education plan drawn up on an annual basis.
6. The curriculum covers not only teaching and learning but the wider curriculum of the school such as participation in after school clubs, leisure, sporting and cultural activities or school visits. Curriculum access will be considered at a ‘whole school’ level as many barriers to access to the curriculum will be similar for many groups of students and it is helpful to take a strategic approach to removing those barriers.

7. We recognise that special arrangements may be required to enable students with learning difficulties/disabilities, including specific learning difficulties, to exhibit their capabilities and knowledge. Special arrangements will be made to enable such students to perform to the best of their ability by meeting their individual needs. For example, we will liaise with the relevant examination boards in such instances. Students and parents will be made fully aware of the process for making special arrangements for assessment and examinations by the SENCo in liaison with specific curriculum area managers and the school’s Examinations Manager.

Staff:

1. In gathering information on the recruitment, development and retention of disabled employees we will include all those working at Saffron Walden County High School in whatever capacity, including those who are working under contract.

2. Policies on phased return to work after sickness, sick leave and monitoring may be relevant for disabled staff and reference should be made to the Sickness Absence Policy.

3. Wherever practicable, we will:
   • consider and seek to employ people with disabilities in jobs suited to their aptitudes, abilities and qualifications in line with the Equality Act 2010
   • ensure that employees with disabilities are considered for promotion according to their aptitudes, abilities and qualifications
   • ensure that employees with disabilities are not disadvantaged when the renewal of fixed-term contracts is being considered

Members of staff who become disabled should continue, so far as is practicable and dependant on their ability to carry out the duties of their post, to be employed by the school at the discretion of the Head Teacher and Governing Body. Help from related professional organisations should be sought when considering not only the possible effects of the disability but also other consequential disadvantages, such as loss of status or financial loss.

We will endeavour to make any reasonable adjustments to enable the employee to continue in post.

Options might include:
   • continuing in the same post
   • a gradual return to work
   • a reduction in hours
   • redeployment

In certain circumstances it might be necessary to consider:
   • premature retirement on grounds of incapacity
   • termination of employment

In cases where a disability is a degenerative or a progressive condition, careful consideration would be given to the selection of the most appropriate option(s).

We will make reasonable changes to work practices and where possible within the workplace, to enable people with disabilities including those members of staff who become disabled whilst employed, to work successfully.

We will ensure that a programme of training is offered to staff to increase the awareness of students with learning difficulties/disabilities and inform them of appropriate action to be taken when delivering the
curriculum. Learning Support Assistants will support teaching staff as required to help ensure that students with learning difficulties/disabilities have equal access to the curriculum.

People being provided with goods, facilities and services, including non-educational services:

We will make adjustments for a disabled parent, carer, Governor or other person using the school by:

- altering policies, practices and procedures where necessary - e.g. allowing guide dogs into the school
- providing auxiliary aids and services - e.g. providing a sign language interpreter for a deaf parent attending a parents’ evening
- removing or altering physical features - e.g. where the school’s Hall is used for plays and other events installing a loop system and improving the acoustics for people with hearing impairments; installing a platform lift to enable disabled people to access community provision
- providing a reasonable alternative method, or the manner in which it provides a service, - e.g. meeting with a disabled parent in a downstairs room

7. ARRANGEMENTS FOR COLLECTING INFORMATION

1. We will promote the breadth of the definition of disability and of the people who are likely to be included in this definition
2. We will gather and analyse information on the effect of our policies on the recruitment, development and retention of disabled employees
   - the educational opportunities available to, and the achievements of, disabled students
   - the arrangements for using information to support the review of the Action Plan and to inform subsequent schemes by means of:
     i. Analysis of recruitment data and retention data
     ii. Analysis of student achievement
     iii. Student progress meetings
     iv. IEP Reviews
3. We will:
   - explain why information is needed
   - reassure students, staff and parents about confidentiality
   - ensure that the ethos of Saffron Walden County High School is conducive to disclosure
4. We will seek to collect information on other disabled people using its facilities and services, to show how it is promoting disability equality for disabled people

8. PUBLICATION

This Scheme together with the Accessibility Plan is available for anyone asking for a copy and will be published on the school website. We are prepared to provide its Plans in alternative formats.

9. MONITORING AND REVIEW

1. We will adopt a planned approach, over the lifetime of the Scheme, to assessing the impact of its current policies on disability equality. As the school develops its approach, assessing the impact of policies on disability equality will become part of our approach to the review and development of all policies. As new policies are developed, their impact on disability equality will be assessed from the outset.
2. We will provide information on its Accessibility Plans to meet any requirements of funding agreements.
3. In the annual report on its Accessibility Plan the school will report on:
   - the progress it has made on its Action Plan, and the effect of what it has done
4. We will review and revise the Scheme and Plan every three years. We will make the following arrangements to use information to support the review of the Action Plan and to inform subsequent Schemes:
   - Termly meeting to review the scheme/plan including feedback from stakeholders
5. As part of the review of this Scheme, we will:
   • revisit the information that was used to identify the priorities for the Scheme, and
   • re-examine the information to see if actions taken have affected opportunities and outcomes for
disabled students, staff and parents
6. The review of the Scheme will inform its revision including how the school sets new priorities and
new Action Plans for the next Scheme. This process will again:
   • involve disabled students, staff and parents, and
   • be based on information that has been gathered
7. Saffron Walden County High School will review and align its Disability Equality Scheme and its
Accessibility Plan so that it produces a new Scheme and Plan at the same time.
8. The Headteacher will report to the Governors’ Resources and Staffing Committee on any relevant
aspects of the working of the Scheme and Plan as appropriate.
9. Appendix B sets out some questions which may help the Governing Body to fulfil its disability
equality duty. Appendix C summarises Saffron Walden County High School’s duties under the
10. The Governing Body will review the policy every three years.

10. APPENDIX A

REASONABLE ADJUSTMENTS FOR EMPLOYMENT PURPOSES

These adjustments may include:
   • Adaptations to premises
   • Re-allocating some duties
   • Altering hours
   • Finding alternative accommodation/changing the person’s place of work
   • Rehabilitation, assessment or treatment leave
   • Examining the duties to see where additional support may be required □ Training
   • Modifying equipment
   • Modifying instructions or manuals
   • Modifying assessment or testing procedures
   • Providing a reader or interpreter
   • Providing supervision
   • Transferring the person to fill an existing vacancy
**THE DISABILITY EQUALITY DUTY AND THE GOVERNING BODY**

Questions the Governing Body may want to ask itself as the ‘responsible body’ for the school:

<table>
<thead>
<tr>
<th>Duties to disabled students, staff and parents</th>
<th>Evidence</th>
</tr>
</thead>
<tbody>
<tr>
<td>Does the Governing Body receive regular reports on how the School is meeting its duties to:</td>
<td></td>
</tr>
<tr>
<td>• Disabled students?</td>
<td></td>
</tr>
<tr>
<td>• Disabled staff?</td>
<td></td>
</tr>
<tr>
<td>• Disabled parents, carers, governors and other disabled people who use Saffron Walden County High School or may want to?</td>
<td></td>
</tr>
</tbody>
</table>

**Disability Equality Duty: General duty**

Does the Governing Body have regard to the need to:

- Promote equality of opportunity for disabled people?
- Eliminate disability discrimination?
- Eliminate disability related harassment?
- Promote positive attitudes towards disable people?
- Encourage participation by disabled people in public life?
- Take steps to meet disabled people’s needs, even it this requires more favourable treatment?

**Disability Equality Duty: Specific duty**

Does the school have a Disability Equality Scheme?

Did Saffron Walden County High School involve disabled people (students, staff, and parents) in the development of the Scheme?

Does Saffron Walden County High School’s Scheme show:

- How disabled people have been involved?
- How information is gathered on the effect of School’s policies on:
  - Recruitment and retention of disabled staff?
  - Opportunities for and achievements of disabled students?
- How the school assesses the impact of its policies, current or proposed, on disability equality?
- The steps it is going to take to meet the general duty (Saffron Walden County High School's Accessibility Plan)?
- How information will be used to support the review of the Accessibility Plan and to inform subsequent schemes?

Did the school implement the actions in its Scheme within three years of the previous review of the Scheme?

Does the Governing Body:

- Report on its scheme annually?
- Review and revise its scheme every three years?
12. APPENDIX C

SUMMARY OF SAFFRON WALDEN COUNTY HIGH SCHOOL’S DUTIES UNDER THE EQUALITY ACT 2010

This applies to three main functions:

- to the school in its main function of providing education to students
- to the school as an employer
- to the school as a provider of services to parents and carers and the wider public

The employment and service provision duties have applied to schools since 1996 when the DDA was first implemented and subsequently amended by successive versions of the Act, most recently by the Equality Act 2010. The education duties were taken from the SEN and Disability Act 2001. The Disability Equality Duty applies across the other main functions covered by the DDA/EA.

The Disability Equality Duty:

The Duty requires the school to take a more proactive, more explicit, more involved and more comprehensive approach to promoting disability equality and eliminating discrimination.

More proactive

Moving from a focus on an individual response to an approach that builds disability equality considerations in from the start and at every level of the school: at strategic, policy, management and classroom level.

More explicit

Being able to demonstrate what the school has done and what it plans to do to improve opportunities and outcomes for disabled students, staff, parents and other users of Saffron Walden County High School.

More involved

Involving disabled students, staff, parents and others in the development of our Scheme. Disabled people need to be involved from the very start and their involvement needs to inform the preparation, development, publication, review and reporting of the Scheme.

For detailed information on the Equality Act 2010 go to: www.legislation.gov.uk/ukpga/2010
PART B - ACCESSIBILITY PLAN

1. INTRODUCTION

1. Saffron Walden County High School is committed to planning on a rolling three-year basis to increase the accessibility for disabled students over time. The nature and content of the school's Plan will depend on its disabled student population
   • any prospective students who are disabled
   • the size of the school
   • the resources available to it, and
   • the strategic steer given by the local authority

2. The Plan will include increasing access for disabled students to the school’s curriculum, improving access to the physical environment of the school and improving the delivery of written information to disabled students.
   • The Plan will be prepared following the involvement of students with learning difficulties/disabilities and with staff and parents with disabilities
   • Saffron Walden County High School will make best use of available expertise: disabled students, their parents, specialist teachers, local voluntary organisations and others to help to identify practices and arrangements that act as a barrier to including disabled students; the local authority will also be consulted to provide advice and information

   In producing the Plan, we will:
   • draw on detailed information, for example by using data on the presence, participation and attainment of disabled students to inform the priorities
   • involve disabled students, staff and parents, for example by asking them to identify issues to be addressed in the Plan
   • collect information about disabled staff and parents
   • assess the impact of School policies
   • draw on the principles contained in Saffron Walden County High School’s Disability Equality Scheme and the, evaluation, report and review of the Scheme.

2. INFORMATION GATHERING

The gathering of information will include an analysis of:
   • the presence of disabled students, for example: how many disabled students there are in the school, which impairment groups are represented, or not represented.
   • the participation of disabled students across the life of the school, for example in curricular and extra-curricular activities, in positions of responsibility, and the factors affecting participation, for example: policies on medication, bullying, access
   • achievements of disabled students as reflected in, for example: exams, accredited learning, achievements in extra-curricular activities, broader outcomes such as those set out in Every Child Matters
   • the recruitment, development and retention of disabled employees including how disabled staff are represented amongst different groups of employees, at different levels of the school, and amongst those who leave the school
   • the benefits of a diverse workforce

Appendix 1 to this Plan sets out the arrangements whereby the school might collect some information from parents of new students.
Appendix 2 to this Plan has a range of questions to help identify barriers to access.

An impact assessment will be undertaken on the information gathered and a set of priorities agreed.

3. PRIORITIES

Priorities will be set from:

- an examination of the information that has been gathered, and
- the feedback received from the disabled students, staff and parents who have been involved in the development of the scheme

4. ACTION PLANS

1. The Action Plan supports the implementation of the Accessibility Plan, and oversight of this to check progress is the responsibility of the Governing Body. Once an Accessibility Plan has been adopted, the school has a statutory duty to implement the Plan and to allocate adequate resource to it.

2. The Action Plan will be reviewed at least on a quarterly basis by the Quality of Provision Committee of the Governing Body.

5. REVIEW

1. We will report on the progress it has made with the Action Plan

2. We will review and revise the Plan every three years.

3. As part of the review of its Plan, we will:
   - revisit the information that was used to identify the priorities for the Plan, and
   - re-examine the information to see if actions that the school has taken have affected opportunities and outcomes for disabled students, staff and parents

4. The review of the Accessibility Plan will inform the setting of new priorities and new Action Plans for the next Accessibility Plan. This process will:
   - involve disabled students, staff and parents, and
   - be based on information that has been gathered

5. We will align our Accessibility Plan and its Disability Equality Scheme so that a new Scheme and Plan are produced at the same time.
6. APPENDIX 1

IDENTIFYING BARRIERS TO ACCESS: CHECKLIST

This checklist should help to identify barriers to access. The list is not exhaustive. It has been designed to encourage a flexible approach to the further questioning of the accessibility.
