

28th June 2018

Dear Parents/Carers

I am delighted to be able to inform you that we will be refurbishing all of the classrooms in the lower unit. This is a big project and long overdue but means the learning environment will be greatly improved.

Work on four of the classrooms is starting next week so some lessons will have to be re-roomed and disruption will be kept to a minimum.

To ensure that the work is finished on time and that there is no disruption to the start of a new academic year, I have made the decision to close the school earlier than published. This means that the last day of term for students will be Monday 23rd July. Staff will still be attending school the following days and our Achievement Evening will still take place on the evening of Monday 23rd July.

I appreciate this is short notice but it is necessary so that contractors can have full access to the site. If you have any childcare issues for the 24th and 25th July please let your child's form tutor know as we will be able to accommodate some students on those days if needed. Staff will also provide work for students to complete independently online.

Again, I apologise for the short notice but it is essential the work is carried out so that the learning environment can be improved for all students.

Kind regards

Paul Halcro
Headteacher
