Publication Scheme on information available under the Freedom of Information Act 2000

The governing body is responsible for maintenance of this scheme

1. Introduction

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- *The classes of information which we publish or intend to publish;*
- *The manner in which the information will be published; and*
- *Whether the information is available free of charge or on payment.*

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is either available for you on our website to download and print off or available in paper form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for academies approved by the Information Commissioner. Please read in conjunction with the Data Protection Policy and the Pupil Privacy Notice (these cover personal information).

2. Aims and Objectives

The school aims to:

- enable every student to fulfil their learning potential, with education that meets the needs of each student; and
- help every student develop the skills, knowledge and personal qualities needed for life and work.

and this publication scheme is a means of showing how we are pursuing these aims.

3. Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

- (a) Who we are and what we do

organisational information, location and contacts, constitutional and legal governance.

(b) What we spend and how we spend it

financial information relating to projected and actual income and expenditure, tendering, procurement and contracts.

(c) What our priorities are and how we are doing

strategy and performance information, plans, assessments, inspections and reviews.

(d) How we make decisions

policy proposals and decisions. Decision making processes, internal criteria and procedures, consultations.

(e) Our policies and procedures

current written protocols for delivering our functions and responsibilities.

(f) Lists and registers

information held in registers required by law and other lists and registers relating to the functions of the authority.

(g) The services we offer

advice and guidance, booklets and leaflets, translations and media releases. A description of the services offered.

N.B. These classes of information will not generally include:

- information the disclosure of which is prevented by law, or exempt under the Freedom of Information Act, or is otherwise properly considered to be protected from disclosure.
- information in draft form.
- information that is no longer readily available as it is contained in files that have been placed in archive storage, or is difficult to access for similar reasons.

4. How to request information

If you require a copy of any of the documents within the scheme, please contact the school by telephone, email, fax or letter. Contact details are set out below or you can visit our website at www.shoeburynesshigh.co.uk

The school is required, by law, to provide the information within 20 working days. If more time is needed, you will be informed of the reason for the delay in writing.

5. Paying for information

Single copies of information covered by this publication are provided free unless stated otherwise in section 6. If your request means that we have to do a lot of photocopying or printing, or pay a large postage charge, or is for a priced item such as some printed publications or videos we are required to let you know the cost before fulfilling your request.

Information published on our website is free, although you may incur costs from your Internet service provider. If you don’t have Internet access, you can access our website using a local library or an Internet café.

6. Feedback and Complaints

We welcome any comments or suggestions you may have about the scheme. If you want to make any comments about this publication scheme or if you require further assistance or wish to make a complaint then initially this should be addressed to the Headteacher, Shoeburyness High School.

If you are not satisfied with the assistance that you get or if we have not been able to resolve your complaint and you feel that a formal complaint needs to be made then this should be addressed to the Information Commissioner’s Office. This is the organisation that ensures compliance with the Freedom of Information Act 2000 and that deals with formal complaints. They can be contacted at:
