ASPIRE

At Southfield Junior School we aspire to achieve the highest possible standards. We aim to raise children's aspirations, helping them become life-long learners and equipping them to succeed in the 21st century. We recognise and nurture each child's individual talents. Every child is given every opportunity to feel successful and to develop a sustained capacity for learning.

CELEBRATE

We celebrate our ability to provide a stimulating and safe learning environment for all of our children.

Through delivering the International Primary Curriculum (IPC) children experience practical real-life activities. The curriculum extends knowledge, skills, understanding and develops personal attributes.

Southfield Junior School is part of the community. We believe in giving our pupil's a voice through our school council and an opportunity to make a difference to our school.

Our children have supported various charities: Swindon Food Bank, Comic Relief, Sport Relief, Barnardos, Children in Need and Highworth Marsden Nursery School, in the Gambia, where each year group sponsors a child and raises money for the up-keep of the school. The children help make a real difference, locally, nationally and internationally

Our children are the people who will shape the future.

We are determined to ensure they are all given the confidence they need to meet challenges head on.

Positive attitudes, values and respect strengthen school life.

Our relationship with home is very important to us and we strive to achieve successful communications. We have a very supportive Parent Teachers Association (PTA) and a proactive Parent Council.

The children work and play together, accepting their similarities and differences in all areas of school life.

We discourage all forms of discrimination, harassment and bullying. Our culture makes it safe to tell.
