Tehmina and Ameena have sent the letter to Mr Marsh today about the shed and the rotas.

Y6 have still to type up their letter to Sainsbury's Local on London Road.

2. Successes to report:

2Sh reported that Science Day was really fun. Y2 experimented on colours. Mrs Christopher did a spinning colour wheel and Mrs Andrews mixed colours on a paper towel to show primary and secondary colours

2St reported that the Y2 Football Team have now played 6 matches and have won every time because they have two good goalies; Armando and Isa are our star players. This week, Charnwood was finally beaten 3-1 in the latest match

4H are pleased to report such good behaviour that no-one is 'on the fence'.

Book Fair was a success

5N reported that some Y5's went to a Science Show at Moat – The scientist did some fantastic tricks but he wasn't a magician it was all science! We have started selling Red Noses for Red Nose Day on Friday and 5N have finished swimming.

For the Gopsall Building Science Day the teachers did different experiments: Mr Marsh made Oobleck (a non-Newtonian liquid); Miss Cook made clouds; Mr Hiley did rocket science; Miss Modha made rainbows and Miss Boulter did a lava lamp.

The children are being more careful about sending the balls over the wall and it is working! Also lost balls are getting sent back to us.

Y6 are improving their behaviour to get their Drayton Manor passports. The school football team drew two and lost two: they did their best.

Y6 are learning about artists Lowrie and Andrew Murray – their attempt at a Lowrie looks good.

No other issues to resolve, except to work out where the Y5/6 equipment is hiding!
