April 2019

Dear Parent/Carer

As part of the ongoing intervention and support being offered to Year 11 students leading up to their final examinations, we are offering the opportunity to take part in Easter revision classes. These will take place in school throughout the Easter holiday and cover a wide range of subjects.

Students should already be involved in preparing for their examinations: revising at home, attending after-school booster classes, completing past papers and accessing on-line revision material. The sessions in the Easter holidays are being arranged to support this work and to give students the chance to stay in touch with their teachers through the holiday period.

Students may have already been targeted by some subjects therefore these sessions have already been populated with a tick students are expected to attend these sessions; however they can opt into subjects on their free days.

Please complete the attached form in full and return it to Mrs Lees in the main office, no later than Friday 5th April. This will allow personalised timetables to be completed and issued during tutorial the following week.

Yours sincerely

Miss H Chappell
KS4 Achievement Coordinator
