Policy Subject: CHILD PROTECTION POLICY & PROCEDURE

Date: October 2018

Review Date: October 2019 – or when new updates are given

Mission Statement

‘St Dunstan’s – excellence in Christian education’

Our School fosters a Christian ethos and provides a high quality of care and education for every member of the school community. Christian values are promoted through the whole curriculum. We aim to motivate everyone to engage fully in the broad range of educational opportunities provided to develop their potential.

We encourage all our children to achieve high standards and to grow as happy, confident, compassionate, independent young people who show respect for others, have a desire to learn and who are eager to make positive and caring contributions to the wider community, its people and environment.

"THE WELFARE OF THE CHILD IS PARAMOUNT"

At St Dunstan’s, Cheam CE Primary School the safety and welfare of our pupils/students is of the utmost importance. Because of the day-to-day contact with children/young people, our staff are well placed to observe the outward signs of abuse.

All adults working in the school must protect children/young people from harm and abuse, as set out in ‘Keeping Children Safe in Education 2018’. (See appendix A)

We have a duty to safeguard and promote the welfare of our pupils/students under the Education Act 2002 and Children Act 1989 through identifying any child’s/young person’s welfare concerns and taking action to address them in partnership with families and other agencies where appropriate.

In addition to our Child Protection Policy and procedures, we have policies and procedures to cover the roles of staff, pupils/students and parents as listed below:

- Child Sexual Exploitation (CSE) Policy
- Children Missing Education Policy
- Extremism and Anti-Radicalisation Policy
- Allegations of Abuse Against Staff Policy
- Behavioural Policy
• Staff Code of Conduct
• Data Protection Policy
• Whistleblowing Policy
• Anti-Bullying Policy
• Exclusion Policy
• E-Safety Policy
• Guest Speaker Policy
• Personal Electronic Devices Policy
• Data and E-Security Breach Prevention and Management Plan

Our policy applies to all staff, governors and volunteers working in the school and pupils/students and parents are informed about this and our other policies in the school prospectus and on our website.

There are a number of elements to our policy:

• ensuring safe recruitment practice in checking the suitability of all our staff and volunteers to work with children;
• raising awareness of child protection/safeguarding issues amongst all staff and volunteers and of what to do if they have concerns;
• developing and implementing procedures for identifying and reporting cases, or suspected cases, of abuse;
• developing effective links with relevant agencies and co-operating as required with their enquiries regarding child protection matters including attendance at case conferences and core group meetings;
• establishing and maintaining a safe environment in which children feel secure and are encouraged to talk freely about anything that concerns them;
• ensuring children/young people know there are adults in the school who they can approach if they are worried about anything;
• including opportunities in the PSHE curriculum to develop and equip pupils/students with the skills needed to recognise risks and stay safe from abuse;
• supporting pupils/students who have been abused or may be at risk of harm in accordance with any agreed child protection plan;
• ensuring we respond appropriately to any concern or allegation about a member of staff or volunteer; and
• ensuring staff follow accepted “safe practice” principles when working with pupils/students.

If there are Child Protection concerns then Suttons’ Social Care MASH referral systems are followed in accordance with the principles of the London Child Protection Child Protection Procedures.

The Sutton Local Safeguarding Children Board (LSCB) has adopted these procedures. This policy and procedure also accords with:

• ‘Keeping Children Safe in Education’ DfE September 2018 (KCSIE)
• ‘What to do if you’re worried a child is being abused’ (HM Government, March 2015)
• Disqualification by Association 2018 - NEW rules for schools and see appendix A

If lower level concerns or needs (i.e. not child protection) are identified then the MASH referral process will be used to access ‘Early Help’ interventions.
DEFINITION

Safeguarding is about every child and child protection is about significant harm. Safeguarding and promoting the welfare of student relates to any child or young person (i.e. under 18 years of age) who has suffered from, or may be at risk of abuse as set out in Appendix A in KCSIE 2018.

RECOGNITION

The first indication of concern about a pupil’s/student’s welfare is not necessarily the presence of a serious injury. Concerns may be because of:

- bruises or marks on a pupil’s/student’s body;
- remarks made by the pupil/student, another pupil/student, a parent or another adult;
- observations of the pupil’s/student's behaviour;
- unexplained changes in the pupil’s/student's behaviour or personality;
- evidence of disturbance or explicit detail about abuse or possible abuse in a pupil’s/student's play, drawing or writing; evidence of neglect, failure to thrive or exposure to unnecessary risks;
- unauthorised absence from school; and / or
- information about the parent(s) / carer(s) of the child/young person or their home background.

DESIGNATED SAFEGUARDING LEAD

Our Designated Safeguarding Lead is Ms J Corby, Mrs L Porter.
Our Deputy Designated Safeguarding Leads are Mrs G Armstrong, Mrs D Soma and Mrs J Ward.
Our nominated governor for safeguarding and CP is Mrs N Cristie.

The Designated Safeguarding Lead has a responsibility to:

- liaise with the nominated governor, the Multi Agency Safeguarding Hub (MASH) local authority Education and Children and Family Services, Police and other agencies on individual child protection cases;
- act as the contact person within the school, providing advice and support and ensuring that all staff (including temporary, supply staff and volunteers and members of the governing body) are aware of their role;
- be responsible for co-ordinating action within the school on child protection issues;
- discuss individual cases with staff on a “need to know basis” to protect children's right to confidentiality;
- oversee the planning of any curricular or other provision in relation to child protection/safeguarding matters;
- ensure staff are familiar with this Policy and Procedure, the London Child Protection Procedures, and any other relevant guidance;
- with any other relevant staff (e.g. tutor, year head), represent the school at child protection
meetings and be a member of a core group if required;

- raise awareness about child protection on an ongoing basis;
- together with the head teacher and local authority safeguarding children training officer, arrange regular training for all according to their roles and responsibilities and that all training undertaken is recorded on the schools’ Single Central Record (SCR);
- ensure that they, the Designated Safeguarding Lead and other staff who provide significant cover, receive update training at least every 2 years and recorded on the SCR.

### THE ROLE OF INDIVIDUAL STAFF

Everyone in the school must be alert to the possibility that any pupil/student, regardless of race, religion, culture, class or family background, could be the victim of abuse or neglect, exploitation, FGM and Radicalisation/Extremism and must be familiar with all of these procedures as set out in KCSIE September 2018. All staff must read and understand section 1 of KCSIE and a record is logged on the school’s Single Central Record.

Concern about a pupil/student must be discussed with the Designated Safeguarding Lead immediately so that if necessary, a referral can be made without delay.

Members of staff should not investigate child protection/safeguarding concerns, but gather information including any witnesses to an incident. An investigation is done by Children’s Social Services and or the Police. However, if a pupil/student says something, it is vital to listen carefully, so you can record and report it accurately and pass onto the Designated Safeguarding Lead as soon as possible.

### CONFIDENTIALITY OF RECORDS

Our pupils/students and their parents/carers have the right to expect all staff to deal sensitively and sympathetically with their situation. It is important that information is only available to those who need to know it. Parents/carers and, where appropriate, pupils/students should be told their right to confidentiality may be breached if information comes to light suggesting possible harm to a child or young person. Child protection issues relating to individual cases must not be subject to open discussion in the staff room or elsewhere in the school. Members of staff should also remember not to promise to pupils/students to keep “secrets”.

### WORKING WITH CHILDREN AND YOUNG PEOPLE

We recognise that children and young people who are abused, neglected, or who witness abuse or neglect may find it difficult to develop a sense of self worth. They may feel helpless, humiliated and a sense of blame. The school may be the only stable, secure and predictable element in the lives of children at risk. When at school their behaviour may be challenging and defiant or they may be withdrawn. The school will endeavour to support the student through:

- the content of the curriculum;
- the school ethos which promotes a positive, supportive and secure environment and gives students a sense of being valued;
- the school behaviour policy which is aimed at supporting vulnerable pupils/students in the school: we will ensure that pupils/students know that some behaviour are unacceptable and that they are valued and not blamed for any abuse which has occurred;
- liaison with other agencies that support pupils/students such as social services, the child and adolescent mental health service, the borough school attendance service and the educational...
psychology service; and

- ensuring that, where a pupil/student with a child protection plan leaves the school, their information is transferred to any new school immediately and that their social worker is informed.

## RECRUITMENT, SELECTION, TRAINING AND SUPERVISION OF ALL STAFF AND VOLUNTEERS

In our recruitment and selection of staff and volunteers we will at all times adhere to the Government guidance contained within “Working Together to Safeguard Children” (HM Government 2018), ‘Keeping Children Safe in Education (DfE September 2018). In particular we will ensure that:

- for good practice, our interview panel includes at least one member who has completed safer recruitment training;
- we always follow up gaps in previous employment;
- we always require specific references from employers for the last five years; and
- for all posts, paid and voluntary, the appropriate Disclosure and Barring Service (DBS) information has been received.

We keep a single central record (SCR) of all staff with the date and outcome of their DBS check as well as all other relevant information associated with working in a school.

The school is aware of and takes notice of ‘Disqualification by Association’ Guidance 2015 where relevant to the school community and responds in a timely manner.

## CONTRACTORS AND OUTSIDE AGENCIES

We expect all contractors providing services within the school whose staff have access to school premises to comply with this policy and the attached procedure. The contractor or individual must agree to this in writing.

In particular we require any contractor or organisation delivering a service on behalf of the school or using our premises to provide evidence they adhere to the above requirements in terms of recruitment, selection, training and supervision of their staff and any volunteers, in particular DBS information. Checks are usually only required if a contractor’s member of staff will be left unsupervised.

This policy and procedure will also apply to any organisation using school facilities. They must agree to this in writing.
CHILD PROTECTION PROCEDURE

**DO NOT DELAY**

- Tell the Designated Safeguarding Lead as soon as you can - it may be necessary to interrupt a lesson to do this - do not leave notes in the Designated Safeguarding Lead’s pigeonhole as they may not get back to check their post until the end of the day once the pupil/student has gone home.
- Early referral gives more time to offer help to the pupil/student and family before the situation becomes severe or serious.
- When the matter is already severe or serious, early referral gives more time for others to protect the pupil/student;
- The Designated Safeguarding Lead may consult MASH.

**MAKE WRITTEN NOTES**

- At the earliest opportunity make a written record of your concerns: record facts accurately and be clear when you are expressing an opinion and the basis for this. These notes will help to ensure accuracy in recalling events later. Notes should be legible, signed and dated.
- These notes must be given to the Designated Safeguarding Lead as soon as possible.
- Do not take photographs of any physical injuries, record on a body map. Do not use audio to record disclosures.

**CONCERN FROM SOMETHING THE CHILD SAYS**

Listen - do not ask questions or interrogate. Consider interpreting services if English is a second language.

Remain calm - if you are shocked, upset or angry the pupil/student will sense this and this could stop them from saying more.

Reassure - the pupil/student that s/he has done nothing wrong - tell them it is alright to talk.

Do not promise to keep it secret - tell the pupil/student you cannot keep the matter secret and will need to take advice from someone who can help.

**REFERRAL PROCESS**

Any member of staff can make a referral to Social Services or to the Police they should consult the Designated Safeguarding Lead about how to do this. However, referral must not be delayed - if the Designated Safeguarding Lead or their deputies are not available a senior member of staff should be advised and the referral made to the Sutton Multi Agency Safeguarding Hub (MASH). Guidance on how to make a referral can be found at [https://www.sutton.gov.uk/index.aspx?articleid=9433](https://www.sutton.gov.uk/index.aspx?articleid=9433).

(Additional information is also available in the London Child Protection Procedures). The MASH social care team or the Education Safeguarding Children’s Adviser will be happy to discuss concerns even if you are not sure at that stage that a referral needs to be made. They can be contacted on 020 8770 6001/5590.

**REMEMBER**

- If in doubt, consult.
- Do not ignore concerns, even if these are vague.
- Your first responsibility is to the pupil/student.
- If you need help or support to manage your own feelings, this can usually be provided.
CONTACT WITH THE FAMILY

Contact with the family should always be discussed with the Designated Safeguarding Lead, who may consult the MASH social care team or the Education Safeguarding Children’s Adviser.

In cases where a minor physical injury causes concern, it is usual school practice to discuss this with the parent or carer. If the explanation suggests a non-accidental cause for the injury (or a failure to protect the pupil/student from harm), the pupil/student (as appropriate), parent or carer should be informed that the matter must be referred to the Children and Family Social Work Service via the MASH.

In cases of possible neglect or emotional abuse, the concern may have built up over a period of time. There may have been discussion previously between school staff and the family about sources of help (e.g. the Children and Family Social Work Service), but if concerns persist, the Designated Safeguarding Lead will need to refer to the MASH.

**In cases where there are suspicions of sexual abuse, the Designated Safeguarding Lead will seek immediate advice from the MASH before discussing this with the family.**

RECORDING

- All records relating to child welfare concerns will be kept on the pupil’s/student’s file and the file will be kept secure - a chronology of concern should be kept.
- Where there are concerns about a pupil/student, the pupil’s/student’s file indicates this with a red sticker, making the files easily distinguishable from others where there are no concerns and our electronic files have an appropriate “flag” to indicate there are concerns about the pupil/student.
- We will keep written records of any concerns about pupils/students, even where there is no need to refer the matter immediately.
- Information from records will only be accessed by staff on a "need to know" basis.
- Key staff will need to know when a pupil/student is subject to a Child Protection Plan so they can monitor the pupil’s/student's welfare.
- Records relating to the pupil’s/student's welfare will remain on the pupil’s/student's file as long as the pupil/student is at the school.
- When the pupil/student leaves the school, the new school will be advised in writing that our records contain information about child protection concerns even where these are no longer current. Records should be sent in a way that is lawful in terms of the requirements of the Data Protection Act.

MANAGING ALLEGATIONS AGAINST STAFF

- Allegations or concerns about a member of staff, worker or volunteer must immediately be notified to the head teacher (or the chair of governors if the concern is about the head teacher).
- The head teacher (or chair of governors) will always consult the Local Authority Designated Officer (LADO).
- Following consultation, the head teacher (or chair of governors) in agreement with the LADO will decide on appropriate action:
  - consider a Senior Strategy meeting
  - consideration of disciplinary proceedings
- It is important to bear in mind that although the concern may relate to an individual pupil/student, other pupils/students may also be at risk;
- The procedures are in Sutton LSCB Procedure and ‘Keeping Children safe in Education DfE
September 2018 and in the schools’ policy documents.

- When appropriate with guidance from the LADO, consideration will be given to referral of a member of staff to the DBS for consideration of the case.

- If a member of staff believes a reported allegation or concern is not being dealt with appropriately, they should report the matter to the Local Authority Designated Officer (LADO) to give support and direction on how to proceed.

- Further guidance can also be sought from the MASH.

### HARM, FROM OR TO, OTHER CHILDREN (PEER TO PEER ABUSE, SEE APPENDIX A)

- Abuse or concerns about a risk of abuse or harm by other children/young people is subject to the same safeguarding procedures as in respect of children or young people being abused by an adult.

- Professionals responding should be alert to the risk a child/young person may pose to children/young people other than any “current” victim.

- Children or young people who harm others are likely to have considerable needs themselves (e.g. they may have been subjected to abuse, witnessed domestic violence or committed criminal offences).

In such cases there will usually be a need to refer the alleged perpetrator of harm to the Children and Families Service.

### WORKING WITH OTHER AGENCIES

- All school staff have a legal duty to assist local authority Children and Family Social Care Services or the Police when they are making enquiries about the welfare of pupils/students.

- Information about a pupil/student must therefore be shared on a "need to know" basis with other agencies.

- When telephone requests for information are received, always maintain security by checking the telephone number listing for the caller and calling back to a switchboard number before giving information or confirming the student is on the school roll.

- Always advise the designated person about such requests for information.

- Requests for attendance at meetings about individual pupils/students (e.g. child protection conferences) should be notified to the designated person, who will arrange preparation of a report and attendance at the meeting.

- Reports should contain information about the child's/young person’s:
  - academic progress
  - attendance
  - behaviour
  - relationships with children/young people and adults
  - family and
  - any other relevant matters

- Reports should be objective, distinguishing between fact, observation, allegation and opinion.

- Unless you specify otherwise, reports will normally be made available to the student’s family.

### PUPILS/STUDENTS SUBJECT TO A CHILD PROTECTION PLAN

- The school will be told by the relevant local authority Children and Family Social Work Service when a pupil/student is subject to a Child Protection Plan (previously the Child Protection...
Register) whether the London Borough of Sutton or another local authority.

- The name of the key social worker must be clearly recorded on the pupil’s/student’s record.
- The school will participate fully in the work of Core Groups for these pupils/students to assist with the objectives of the Child Protection Plan for the pupil/student.
- When a pupil/student is subject to a Child Protection Plan, the school will report all unexplained absences even if only of a day.
- When a pupil/student is subject to a Child Protection Plan, the school will report all behavioural changes or other concerns to the key social worker.
- When a pupil/student who is subject to a Child Protection Plan leaves the school, all the child protection information will be transferred to any new school.

**GENERAL ISSUES**

All staff must observe the above policy and procedure at all times. They will be reviewed annually and as required in line with changes in local (LSCB) or national guidance.

**SUTTON CONTACT DETAILS**

- LB Sutton Multi-Agency Safeguarding Hub (MASH) – 020 770 6001

**KEY SAFEGUARDING DOCUMENTS**

- Working Together to Safeguard Children – July 2018
- Keeping Children Safe in Education – DfE September 2018
- What to do if you think a child is being abused – DfE March 2015
- Advice for Schools on the Prevent Duty – DfE 2015
- Section 26 of the Counter – Terrorism and Security Act 2015
- Section 5B of the Female Genital Mutilation Act 2003 – section 74 of the Serious Crime Act 2015 places a mandatory duty for schools to report from October 2015 to the police.
Updated September 2018

Child Protection and Safeguarding policy Appendix A

1. Types of abuse and neglect

Abuse: A form of maltreatment of a child which involves inflicting harm or failing to act to prevent harm. Children may be abused in a family, institutional or community setting by those known to them or, more rarely, by others, e.g. via the internet.

Physical abuse: A form of abuse which may involve actions such as hitting, throwing, burning, drowning and poisoning, or otherwise causing physical harm to a child. Physical abuse can also be caused when a parent fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: A form of abuse which involves the emotional maltreatment of a child to cause severe and adverse effects on the child’s emotional development. This may involve telling a child they are worthless, unloved, inadequate, not giving them the opportunities to express their views, deliberately silencing them, or often making them feel as though they are in danger.

Sexual abuse: A form of abuse which involves forcing or enticing a child to take part in sexual activities, not necessarily involving a high level of violence, and whether or not the child is aware of what is happening. This may involve physical assault, such as penetrative assault and touching, or non-penetrative actions, such as looking at sexual images or encouraging children to behave in inappropriate ways.

Neglect: A form of abuse which involves the persistent failure to meet a child’s basic physical and/or psychological needs, likely to result in serious impairment of a child’s health or development. This may involve providing inadequate food, clothing or shelter, or the inability to protect a child from physical or emotional harm or ensure access to appropriate medical treatment.

2. FGM

For the purpose of this policy, FGM is defined as the partial or total removal of the external female genitalia, or any other injury to the female genital organs.

FGM is considered a form of abuse in the UK and is illegal.

All staff will be alert to the possibility of a girl being at risk of FGM, or already having suffered FGM. If staff members are worried about someone who is at risk of FGM or who has been a victim of FGM, they are required to share this information with social care and/or the police.

Teaching staff are legally required to report to the police any discovery, whether through disclosure by the victim or visual evidence, of FGM on a girl under the age of 18. Teachers failing to report such cases will face disciplinary action.

NB. The above does not apply to any suspected or at-risk cases, nor if the individual is over the age of 18. In such cases, local safeguarding procedures will be followed.

There are a range of potential indicators that a pupil may be at risk of FGM. While individually they may not indicate risk, if two or more indicators are present, this could signal

Victims of FGM are most likely to come from communities that are known to adopt this practice. It is important to note that the pupil may not yet be aware of the practice or that it may be conducted on them, so staff will be sensitive when broaching the subject.

Indicators that may show a heightened risk of FGM include the following:

- The socio-economic position of the family and their level of integration into UK society
- Any girl with a mother or sister who has been subjected to FGM
Any girl withdrawn from PSHE

Indicators that may show FGM could take place soon include the following:

- When a female family elder is visiting from a country of origin
- A girl may confide that she is to have a ‘special procedure’ or a ceremony to ‘become a woman’
- A girl may request help from a teacher if she is aware or suspects that she is at immediate risk
- A girl, or her family member, may talk about a long holiday to her country of origin or another country where the practice is prevalent

Staff will be vigilant to the signs that FGM has already taken place so that help can be offered, enquiries can be made to protect others, and criminal investigations can begin.

Indicators that FGM may have already taken place include the following:

- Difficulty walking, sitting or standing
- Spending longer than normal in the bathroom or toilet
- Spending long periods of time away from a classroom during the day with bladder or menstrual problems
- Prolonged or repeated absences from school followed by withdrawal or depression
- Reluctance to undergo normal medical examinations
- Asking for help, but not being explicit about the problem due to embarrassment or fear

Teachers will not examine pupils, and so it is rare that they will see any visual evidence, but they will report to the police where an act of FGM appears to have been carried out. Unless the teacher has a good reason not to, they should also consider and discuss any such case with the DSL and involve CSCS as appropriate.

FGM is also included in the definition of ‘honour-based’ violence (HBV), which involves crimes that have been committed to defend the honour of the family and/or community, alongside forced marriage and breast ironing.

All forms of Honour Based Violence (HBV) are forms of abuse and will be treated and escalated as such.

Staff will be alert to the signs of HBV, including concerns that a child is at risk of HBV, or has already suffered from HBV, and will consult with the DSL who will activate local safeguarding procedures if concerns arise.

3. Child sexual exploitation (CSE)

For the purpose of this policy, “child sexual exploitation” is defined as: a form of sexual abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person into sexual activity, for either, or both, of the following reasons:

- In exchange for something the victim needs or wants
- For the financial advantage or increased status of the perpetrator or facilitator

CSE does not always involve physical contact, as it can also occur online. It is also important to note that a child can be sexually exploited even if the sexual activity appears consensual.

The school has adopted the following procedure for handling cases of CSE, as outlined by the DfE:

Identifying cases

School staff members are aware of and look for the key indicators of CSE; these are as follows:
• Going missing for periods of time or regularly going home late
• Regularly missing lessons
• Appearing with unexplained gifts and new possessions
• Associating with other young people involved in exploitation
• Having older boyfriends or girlfriends
• Undergoing mood swings or drastic changes in emotional wellbeing
• Displaying inappropriate sexualised behaviour
• Suffering from sexually transmitted infections or becoming pregnant
• Displaying changes in emotional wellbeing
• Misusing drugs or alcohol

Referring cases
Where CSE, or the risk of it, is suspected, staff will discuss the case with the DSL. If after discussion a concern still remains, local safeguarding procedures will be triggered, including referral to the LA.

Support
The LA and all other necessary authorities will then handle the matter to conclusion. The school will cooperate as needed.

4. Homelessness
The DSL and deputy(s) will be aware of the contact details and referral routes in to the Local Housing Authority so that concerns over homelessness can be raised as early as possible.

Indicators that a family may be at risk of homelessness include the following:
• Household debt
• Rent arrears
• Domestic abuse
• Anti-social behaviour
• Any mention of a family moving home because “they have to”

Referrals to the Local Housing Authority do not replace referrals to social care where a child is being harmed or at risk of harm.

For 16- and 17-year-olds, homelessness may not be family-based and referrals to social care will be made as necessary where concerns are raised.

5. County lines criminal activity
For the purpose of this policy, “County lines criminal activity” refers to drug networks or gangs grooming and exploiting children to carry drugs and money from urban areas to suburban areas, rural areas and market and seaside towns.

Staff will be made aware of pupils with missing episodes who may have been trafficked for the purpose of transporting drugs.

Staff members who suspect a pupil may be vulnerable to, or involved in, this activity will immediately report all concerns to the DSL.

The DSL will consider referral to the National Referral Mechanism on a case-by-case basis.
Indicators that a pupil may be involved in county lines active include the following:

- Persistently going missing or being found out of their usual area
- Unexplained acquisition of money, clothes or mobile phones
- Excessive receipt of texts or phone calls
- Relationships with controlling or older individuals or groups
- Leaving home without explanation
- Evidence of physical injury or assault that cannot be explained
- Carrying weapons
- Sudden decline in school results
- Becoming isolated from peers or social networks
- Self-harm or significant changes in mental state
- Parental reports of concern

6. Pupils with family members in prison

Pupils with a family member in prison will be offered pastoral support as necessary. They will receive a copy of ‘Are you a young person with a family member in prison’ from Action for Prisoners’ Families where appropriate and allowed the opportunity to discuss questions and concerns.

7. Pupils required to give evidence in court

Pupils required to give evidence in criminal courts, either for crimes committed against them or crimes they have witnessed, will be offered appropriate pastoral support.

Primary schools only: Pupils will also be provided with the booklet ‘Going to Court’ from HM Courts and Tribunals Service (HMCTS) where appropriate and allowed the opportunity to discuss questions and concerns.

Secondary schools only: Pupils will also be provided with the booklet ‘Going to Court and being a witness’ from HMCTS where appropriate and allowed the opportunity to discuss questions and concerns.

8. Contextual safeguarding

Safeguarding incidents can occur outside of school and can be associated with outside factors. School staff, particularly the DSL and their deputy(s), will always consider the context of incidents – this is known as contextual safeguarding.

Assessment of pupils’ behaviour will consider whether there are wider environmental factors that are a threat to their safety and/or welfare.

The school will provide as much contextual information as possible when making referrals to social care/MASH.

9. Preventing radicalisation

For the purpose of this policy, “radicalisation” refers to the process by which a person comes to support terrorism and extremist ideologies.

Protecting children from the risk of radicalisation is part of the school’s wider safeguarding duties. The school will actively assess the risk of pupils being drawn into terrorism.

Staff will be alert to changes in pupils’ behaviour which could indicate that they may be in need of help or protection.

Staff will use their professional judgement to identify pupils who may be at risk of radicalisation.
and act appropriately, which may include making a referral to the Channel programme. The school will work with local safeguarding arrangements as appropriate.

The school will ensure that they engage with parents and families, as they are in a key position to spot signs of radicalisation. In doing so, the school will assist and advise family members who raise concerns and provide information for support mechanisms.

Any concerns over radicalisation will be discussed with a child’s parents, unless the school has reason to believe that the child would be placed at risk as a result.

Training

The DSL will undertake Prevent awareness training to be able to provide advice and support to other staff on how to protect children against the risk of radicalisation. The DSL will hold formal training sessions with all members of staff to ensure they are aware of the risk indicators and their duties regarding preventing radicalisation.

Risk indicators of vulnerable pupils

Indicators of an identity crisis include the following:
- Distancing themselves from their cultural/religious heritage
- Uncomfortable with their place in society

Indicators of a personal crisis include the following:
- Family tensions
- A sense of isolation
- Low self-esteem
- Disassociation from existing friendship groups
- Searching for answers to questions about identity, faith and belonging

Indicators of vulnerability through personal circumstances includes the following:
- Migration
- Local community tensions
- Events affecting their country or region of origin
- Alienation from UK values
- A sense of grievance triggered by personal experience of racism or discrimination

Indicators of vulnerability through unmet aspirations include the following:
- Perceptions of injustice
- Feelings of failure
- Rejection of civic life
- Indicators of vulnerability through criminality:
- Experiences of dealing with the police
- Involvement with criminal groups

Making a judgement

When making a judgement, staff will ask themselves the following questions:
- Does the pupil have access to extremist influences?
- Does the pupil access the internet for the purposes of extremist activities (e.g. using closed network groups, accessing or distributing extremist material, contacting such groups covertly using Skype)?
• Is there a reason to believe that the pupil has been, or is likely to be, involved with extremist organisations?
• Is the pupil known to have possessed, or be actively seeking, extremist literature/other media likely to incite racial or religious hatred?
• Does the pupil sympathise with or support illegal/illicit groups?
• Does the pupil support groups with links to extremist activity?
• Has the pupil encountered peer, social, family or faith group rejection?
• Is there evidence of extremist ideological, political or religious influence on the pupil?
• Have international events in areas of conflict and civil unrest had a noticeable impact on the pupil?
• Has there been a significant shift in the pupil’s outward appearance that suggests a new social, political or religious influence?
• Has the pupil come into conflict with family over religious beliefs, lifestyle or dress choices?
• Does the pupil vocally support terrorist attacks, either verbally or in their written work?
• Has the pupil witnessed or been the victim of racial or religious hate crimes?
• Is there a pattern of regular or extended travel within the UK?
• Has the pupil travelled for extended periods of time to international locations?
• Has the pupil employed any methods to disguise their identity?
• Does the pupil have experience of poverty, disadvantage, discrimination or social exclusion?
• Does the pupil display a lack of affinity or understanding for others?
• Is the pupil the victim of social isolation?
• Does the pupil demonstrate a simplistic or flawed understanding of religion or politics?
• Is the pupil a foreign national or refugee, or awaiting a decision on their/family’s immigration status?
• Does the pupil have insecure, conflicted or absent family relationships?
• Has the pupil experienced any trauma in their lives, particularly trauma associated with war or sectarian conflict?
• Is there evidence that a significant adult or other person in the pupil’s life has extremist views or sympathies?

Critical indicators include where the pupil is:
• In contact with extremist recruiters.
• Articulating support for extremist causes or leaders.
• Accessing extremist websites.
• Possessing extremist literature.
• Using extremist narratives and a global ideology to explain personal disadvantage.
• Justifying the use of violence to solve societal issues.
• Joining extremist organisations.
• Making significant changes to their appearance and/or behaviour.

Any member of staff who identifies such concerns, because of observed behaviour or reports of conversations, will report these to the DSL.
The DSL will consider whether a situation may be so serious that an emergency response is required. In this situation, a 999 call will be made; however, concerns are most likely to require a police investigation as part of the Channel programme, in the first instance.

Channel programme

Safeguarding children is a key role for both the school and the LA, which is implemented through the use of the Channel programme. This service shall be used where a vulnerable pupil is at risk of being involved in terrorist activities.

In cases where the school believes a pupil is potentially at serious risk of being radicalised, the head-teacher or DSL will contact the Channel programme.

The DSL will also support any staff making referrals to the Channel programme.

The Channel programme ensures that vulnerable children and adults of any faith, ethnicity or background, receive support before their vulnerabilities are exploited by those that would want them to embrace terrorism, and before they become involved in criminal terrorist-related activity.

The programme identifies individuals at risk, assesses the extent of that risk, and develops the most appropriate support plan for the individuals concerned, with multi-agency cooperation and support from the school.

The delivery of the Channel programme may often overlap with the implementation of the LA’s or school’s wider safeguarding duty, especially where vulnerabilities have been identified that require intervention from CSCS, or where the individual is already known to CSCS.

Extremist speakers

The Guest Speaker Policy prevents speakers who may promote extremist views from using the school premises.

Building children’s resilience

The school will:

- Provide a safe environment for debating controversial issues.
- Promote fundamental British values, alongside pupils’ spiritual, moral, social and cultural development.
- Allow pupils time to explore sensitive and controversial issues.
- Provide pupils with the knowledge and skills to understand and manage potentially difficult situations, recognise risk, make safe choices and recognise where pressure from others threatens their personal safety and wellbeing.
- Equip pupils to explore political and social issues critically, weigh evidence, debate, and make reasoned arguments.
- Teach pupils about how democracy, government and law making/enforcement occur.
- Teach pupils about mutual respect and understanding for the diverse national, regional, religious and ethnic identities of the UK.

Resources

The school will utilise the following resources when preventing radicalisation:

- Local safeguarding arrangements
- Local police (contacted via 101 for non-emergencies)
- The DfE’s dedicated helpline (020 7340 7264)
- The Channel awareness programme
- The Educate Against Hate website
10. A child missing from education

A child going missing from school is a potential indicator of abuse or neglect and, as such, these children are increasingly at risk of being victims of harm, exploitation or radicalisation.

Staff will monitor pupils that go missing from the school, particularly on repeat occasions, and report them to the DSL following normal safeguarding procedures, in accordance with the Children Missing Education Policy.

The school will inform the LA of any pupil who fails to attend regularly or has been absent without the school’s permission for a continuous period of 10 school days or more.

Admissions register

Pupils are placed on the admissions register at the beginning of the first day that is agreed by the school, or when the school has been notified that the pupil will first be attending.

The school will notify the LA within five days of when a pupil’s name is added to the admissions register.

The school will ensure that the admissions register is kept up-to-date and accurate at all times and will inform parents when any changes occur.

Two emergency contact details will be held for each pupil where possible.

Staff will monitor pupils who do not attend the school on the agreed date and will notify the LA at the earliest opportunity.

If a parent notifies the school that their child will live at a different address, the school will record the following information on the admissions register:

- The full name of the parent with whom the pupil will live
- The new address
- The date from when the pupil will live at that address

If a parent notifies the school that their child will be attending a different school, or is already registered at a different school, the following information will be recorded on the admissions register:

- The name of the new school
- The date on which the pupil first attended, or is due to attend, that school

Where a pupil moves to a new school, the school will use a secure internet system to securely transfer pupils’ data.

To ensure accurate data is collected to allow effective safeguarding, the school will inform the LA of any pupil who is going to be deleted from the admission register, in accordance with the Education (Pupil Registration) (England) Regulations 2006 (as amended), where they:

- Have been taken out of the school by their parents, and are being educated outside the national education system, e.g. home education.
- Have ceased to attend the school, and no longer live within a reasonable distance of the premises.
- Have been certified by the school’s medical officer as unlikely to be in a fit state of health to attend, before ceasing to be of compulsory school age, and their parent has not indicated the intention to the pupil continuing to attend school after ceasing to be of compulsory school age.
- Have been in custody for a period of more than four months due to a final court order and the school does not reasonably believe they will be returning to the school at the end of that period.
• Have been permanently excluded.
The school will also remove a pupil from the admissions register where the school and LA has been unable to establish the pupil’s whereabouts after making reasonable enquiries into their attendance. If a pupil is to be removed from the admissions register, the school will provide the LA with the following information:
• The full name of the pupil
• The full name and address of any parent with whom the pupil lives
• At least one telephone number of the parent with whom the pupil lives
• The full name and address of the parent with whom the pupil is going to live, and the date that the pupil will start living there, if applicable
• The name of the pupil’s new school and the pupil’s expected start date there, if applicable
• The grounds for removal from the admissions register under regulation 8 of the Education (Pupil Registration) (England) Regulations 2006 (as amended)
The school will work with the LA to establish methods of making returns for pupils back into the school.
The school will highlight to the LA where they have been unable to obtain necessary information from parents, e.g. where an address is unknown.
The school will also highlight any other necessary contextual information including safeguarding concerns
11. Pupils with SEND
The school recognises that pupils with SEND can face additional safeguarding challenges and understands that further barriers may exist when determining abuse and neglect in this group of pupils.
Staff will be aware of the following:
• Certain indicators of abuse, such as behaviour, mood and injury, may relate to the pupil’s disability without further exploration; however, it should never be assumed that a child’s indicators relate only to their disability
• Pupils with SEND can be disproportionally impacted by things like bullying, without outwardly showing any signs
• Communication barriers may exist, as well as difficulties in overcoming these barriers
When reporting concerns or making referrals for pupils with SEND, the above factors will always be taken into consideration.
When managing a safeguarding issue relating to a pupil with SEND, the DSL will liaise with the school’s SENCO, as well as the pupil’s family where appropriate, to ensure that the pupil’s needs are effectively met.
12. Alternative provision
The school will remain responsible for a pupil’s welfare during their time at an alternative provider.
When placing a pupil with an alternative provider, the school will obtain written confirmation that the provider has conducted all relevant safeguarding checks on staff.
13. Work experience
When a pupil is sent on work experience, the school will ensure that the provider has appropriate safeguarding policies and procedures in place.
Where the school has pupils conduct work experience at the school, an enhanced DBS check will be
obtained if the pupil is over the age of 16.

14. Homestay exchange visits

School-arranged homestays in UK

Where the school is arranging for a visiting child to be provided with care and accommodation in the UK in the home of a family to which the child is not related, the responsible adults are considered to be in regulated activity for the period of the stay.

In such cases, the school is the regulated activity provider; therefore, the school will obtain all the necessary information required, including a DBS enhanced certificate with barred list information, to inform its assessment of the suitability of the responsible adults.

Where criminal record information is disclosed, the school will consider, alongside all other information, whether the adult is a suitable host.

In addition to the responsible adults, the school will consider whether a DBS enhanced certificate should be obtained for anyone else aged over 16 in the household.

School-arranged homestays abroad

The school will liaise with partner schools to discuss and agree the arrangements in place for the visit.

The school will consider, on a case-by-case basis, whether to contact the relevant foreign embassy or High Commission of the country in question to ascertain what checks may be possible in respect of those providing homestay outside of the UK.

The school will use its professional judgement to assess whether the arrangements are appropriate and sufficient to safeguard every child involved in the exchange.

Pupils will be provided with emergency contact details to use where an emergency occurs or a situation arises that makes them feel uncomfortable.

Privately arranged homestays

Where a parent or pupil arranges their own homestay, this is a private arrangement and the school is not the regulated activity provider.

15. Private fostering

Where the school becomes aware of a pupil being privately fostered, they will notify the LA as soon as possible to allow the LA to conduct any necessary checks.

16. Sexual violence

Sexual violence refers to the three following offences:

Rape: A person (A) commits an offence of rape if he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.

Assault by Penetration: A person (A) commits an offence if s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not
• consent to the penetration and A does not reasonably believe that B consents.
• Sexual Assault: A person (A) commits an offence of sexual assault if s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents.
• Harmful sexual behaviours
The term “harmful sexual behaviour” is used to describe behaviour that is problematic, abusive and violent, and that may cause developmental damage. Harmful sexual behaviour may include:
• Using sexually explicit words and phrases.
• Inappropriate touching.
• Sexual violence or threats.
• Full penetrative sex with other children or adults.
• Sexual interest in adults or children of very different ages to their own.
• Forceful or aggressive sexual behaviour.
• Compulsive habits.
• Sexual behaviour affecting progress and achievement.
• Using sexually explicit words and phrases.
• Sexual violence or threats.

Sexual behaviour can also be harmful if one of the children is much older (especially where there is two years or more difference, or where one child is pre-pubescent and the other is not) and where the child may have SEND.

A preventative approach
In order to prevent peer-on-peer abuse and address the wider societal factors that can influence behaviour, the school will educate pupils about abuse, its forms and the importance of discussing any concerns and respecting others through the curriculum, assemblies and PSHE lessons.
The school will also ensure that pupils are taught about safeguarding, including online safety, as part of a broad and balanced curriculum in PSHE lessons, RSE and group sessions. Such content will be age and stage of development specific, and tackle issues such as the following:
• Healthy relationships
• Respectful behaviour
• Gender roles, stereotyping and equality
• Body confidence and self-esteem
• Prejudiced behaviour
• That sexual violence and sexual harassment is always wrong
• Addressing cultures of sexual harassment

Pupils will be allowed an open forum to talk about concerns and sexual behaviour. They are taught how to raise concerns and make a report, including concerns about their friends or peers, and how a report will be handled

Awareness
All staff will be aware that pupils of any age and sex are capable of abusing their peers and will never tolerate abuse as “banter” or “part of growing up”.
All staff will be aware that peer-on-peer abuse can be manifested in many different ways, including sexting and gender issues, such as girls being sexually touched or assaulted, and boys being
subjected to hazing/initiation type of violence which aims to cause physical, emotional or psychological harm.

All staff will be made aware of the heightened vulnerability of pupils with SEND, who are three times more likely to be abused than their peers. Staff will not assume that possible indicators of abuse relate to the pupil’s SEND and will always explore indicators further.

LGBTQ+ children can be targeted by their peers. In some cases, children who are perceived to be LGBTQ+, whether they are or not, can be just as vulnerable to abuse as LGBTQ+ children.

The school’s response to boy-on-boy and girl-on-girl sexual violence and sexual harassment will be equally as robust as it is for incidents between children of the opposite sex.

Pupils will be made aware of how to raise concerns or make a report and how any reports will be handled. This includes the process for reporting concerns about friends or peers.

Support available if a child has been harmed, is in immediate danger or at risk of harm

If a child has been harmed, is in immediate danger or is at risk of harm, a referral will be made to social care/MASH.

Within one working day, a social worker will respond to the referrer to explain the action that will be taken.

Support available if early help, section 17 and/or section 47 statutory assessments are appropriate

If early help, section 17 and/or section 47 statutory assessments (assessments under the Children Act 1989) are appropriate, school staff may be required to support external agencies. The DSL and deputies will support staff as required.

Support available if a crime may have been committed

Rape, assault by penetration and sexual assaults are crimes. Where a report includes such an act, the police will be notified, often as a natural progression of making a referral to MASH. The DSL will be aware of the local process for referrals to both MASH and the police.

Whilst the age of criminal responsibility is 10 years of age, if the alleged perpetrator is under 10, the principle of referring to the police remains. In these cases, the police will take a welfare approach rather than a criminal justice approach.

The school has a close relationship with the local police force and the DSL will liaise closely with the local police presence.

Support available if reports include online behaviour

Online concerns can be especially complicated. The school recognises that there is potential for an online incident to extend further than the local community and for a victim, or the alleged perpetrator, to become marginalised and excluded both online and offline. There is also strong potential for repeat victimisation if the content continues to exist.

If the incident involves sexual images or videos held online, the Internet Watch Foundation will be consulted to have the material removed.

Staff will not view or forward illegal images of a child. If they are made aware of such an image, they will contact the DSL.

Managing disclosures

Victims will always be taken seriously, reassured, supported and kept safe. Victims will never be made to feel like they are causing a problem or made to feel ashamed.

If a friend of a victim makes a report or a member of staff overhears a conversation, staff will take action – they will never assume that someone else will deal with it. The basic principles remain the same as when a victim reports an incident; however, staff will consider why the victim has not chosen to make a report themselves and the discussion will be handled sensitively and with the help
of CSCS where necessary. If staff are in any doubt, they will speak to the DSL.
Where an alleged incident took place away from the school or online but involved pupils from the
school, the school’s duty to safeguard pupils remains the same.

All staff will be trained to handle disclosures. Effective safeguarding practice includes:

• Never promising confidentiality at the initial stage.
• Only sharing the report with those necessary for its progression.
• Explaining to the victim what the next steps will be and who the report will be passed to.
• Recognising that the person the child chose to disclose the information to is in a position of trust.
• Being clear about boundaries and how the report will be progressed.
• Not asking leading questions and only prompting the child with open questions.
• Waiting until the end of the disclosure to immediately write a thorough summary. If notes
must be taken during the disclosure, it is important to still remain engaged and not appear
distracted.
• Only recording the facts as the child presents them – not the opinions of the note taker.
• Where the report includes an online element, being aware of searching, screening and
confiscation advice and UKCCIS sexting advice.
• Wherever possible, managing disclosures with two staff members present (preferably with
the DSL or a deputy as one of the staff members).
• Informing the DSL or deputy as soon as possible after the disclosure if they could not be
involved in the disclosure.

The DSL will be informed of any allegations of abuse against pupils with SEND. They will record
the incident in writing and, working with the SENCO, decide what course of action is necessary,
with the best interests of the pupil in mind at all times.

Confidentiality
The school will only engage staff and agencies required to support the victim and/or be involved in
any investigation. If a victim asks the school not to tell anyone about the disclosure, the school
cannot make this promise. Even without the victim’s consent, the information may still be lawfully
shared if it is in the public interest and protects children from harm.

The DSL will consider the following when making confidentiality decisions:
• Parents will be informed unless it will place the victim at greater risk.
• If a child is at risk of harm, is in immediate danger or has been harmed, a referral will be
made to CSCS.
• Rape, assault by penetration and sexual assaults are crimes – reports containing any such
crimes will be passed to the police.

The DSL will weigh the victim’s wishes against their duty to protect the victim and others. If a
referral is made against the victim’s wishes, it will be done so extremely carefully and the reasons
for referral will be explained to the victim. Appropriate specialist support will always be offered.

Anonymity
There are legal requirements for anonymity where a case is progressing through the criminal justice
system. The school will do all it can to protect the anonymity of children involved in any report of
sexual violence or sexual harassment. It will carefully consider, based on the nature of the report,
which staff will be informed and what support will be in place for the children involved.
When deciding on the steps to take, the school will consider the role of social media in potentially exposing victims’ identities and facilitating the spread of rumours.

Risk assessment

The DSL or a deputy will make an immediate risk and needs assessment any time there is a report of sexual violence. For reports of sexual harassment, a risk assessment will be considered on a case-by-case basis. Risk assessments are not intended to replace the detailed assessments of experts, and for incidents of sexual violence it is likely that a professional risk assessment by a social worker or sexual violence specialist will be required.

Risk assessments will consider:

- The victim.
- The alleged perpetrator.
- Other children at the school, especially any actions that are appropriate to protect them.

Risk assessments will be recorded (either on paper or electronically) and kept under review in accordance with the school’s Data Protection Policy.

Taking action following a disclosure

The DSL or a deputy will decide the school’s initial response, taking into consideration:

- The victim’s wishes.
- The nature of the incident.
- The ages and developmental stages of the children involved.
- Any power imbalance between the children.
- Whether the incident is a one-off or part of a pattern.
- Any ongoing risks.
- Any related issues and the wider context, such as whether there are wider environmental factors in a child’s life that threaten their safety and/or welfare.
- The best interests of the child.
- That sexual violence and sexual harassment are always unacceptable and will not be tolerated.

Immediate consideration will be given as to how to support the victim, alleged perpetrator and any other children involved.

For reports of rape and assault by penetration, whilst the school establishes the facts, the alleged perpetrator will be removed from any classes shared with the victim. The school will consider how to keep the victim and alleged perpetrator apart on school premises, and on transport where applicable. These actions will not be seen as a judgement of guilt on the alleged perpetrator.

For reports of sexual violence and sexual harassment, the proximity of the victim and alleged perpetrator and the suitability of shared classes, premises and transport will be considered immediately.

In all cases, the initial report will be carefully evaluated and the wishes of the victim, nature of the allegations and requirement to protect all children will be taken into consideration.

Managing the report

The decision of when to inform the alleged perpetrator of a report will be made on a case-by-case basis. If a report is being referred to CSCS or the police, the school will speak to the relevant agency to discuss informing the alleged perpetrator.
There are four likely outcomes when managing reports of sexual violence or sexual harassment:

- Managing internally
- Providing early help
- Referring to CSCS
- Reporting to the police

Whatever outcome is chosen, it will be underpinned by the principle that sexual violence and sexual harassment is never acceptable and will not be tolerated. All concerns, discussion, decisions and reasons behind decisions will be recorded either on paper or electronically.

The following situations are statutorily clear and do not allow for contrary decisions:

- A child under the age of 13 can never consent to sexual activity.
- The age of consent is 16.
- Sexual intercourse without consent is rape.
- Rape, assault by penetration and sexual assault are defined in law.
- Creating and sharing sexual photos and videos of children under 18 is illegal – including children making and sending images and videos of themselves.

Managing internally

In some cases, e.g. one-off incidents, the school may decide to handle the incident internally through behaviour and bullying policies and by providing pastoral support.

Providing early help

The school may decide that statutory interventions are not required, but that pupils may benefit from early help – providing support as soon as a problem emerges. This approach can be particularly useful in addressing non-violent harmful sexual behaviour and may prevent escalation of sexual violence.

Referral to CSCS

If a child has been harmed, is at risk of harm or is in immediate danger, the school will make a referral to MASH. Parents will be informed unless there is a compelling reason not to do so (if referral will place the victim at risk). This decision will be made in consultation with MASH.

The school will not wait for the outcome of an investigation before protecting the victim and other children.

The DSL will work closely with MASH to ensure that the school’s actions do not jeopardise any investigation. Any related risk assessment will be used to inform all decisions.

If MASH decide that a statutory investigation is not appropriate, the school will consider referring the incident again if they believe the child to be in immediate danger or at risk of harm.

If the school agrees with the decision made by MASH, they will consider the use of other support mechanisms such as early help, pastoral support and specialist support.

Reporting to the police

Reports of rape, assault by penetration or sexual assault will be passed on to the police – even if the alleged perpetrator is under 10 years of age. Generally, this will be in parallel with referral to MASH. The DSL and deputies will follow the local process for referral.

Parents will be informed unless there is a compelling reason not to do so. Where parents are not informed, it is essential for the school to support the child with any decision they take, in unison with MASH and any appropriate specialist agencies.

The DSL and governing board will agree what information will be disclosed to staff and others, in
particular the alleged perpetrator and their parents. They will also discuss the best way to protect the victim and their anonymity.

The DSL will be aware of local arrangements and specialist units that investigate child abuse.

In some cases, it may become clear that the police will not take further action, for whatever reason. In these circumstances, the school will continue to engage with specialist support for the victim as required.

Bail conditions

Police bail is only used in exceptional circumstances. It is unlikely that a child will be placed on police bail if alternative measures can be used to mitigate risks.

The school will work with MASH and the police to support the victim, alleged perpetrator and other children (especially witnesses) during criminal investigations. The school will seek advice from the police to ensure they meet their safeguarding responsibilities.

The term ‘released under investigation’ (RUI) is used to describe alleged perpetrators released in circumstances that do not warrant the application of bail.

Where bail is deemed necessary, the school will work with MASH and the police to safeguard children – ensuring that the victim can continue in their normal routine and continue to receive a suitable education.

Managing delays in the criminal justice system

The school will not wait for the outcome (or even the start) of criminal proceedings before protecting the victim, alleged perpetrator and other children. The associated risk assessment will be used to inform any decisions made.

The DSL will work closely with the police to ensure the school does not jeopardise any criminal proceedings, and to obtain help and support as necessary.

The end of the criminal process

Risk assessments will be updated if the alleged perpetrator receives a caution or is convicted. If the perpetrator remains in the same school as the victim, the school will set out clear expectations regarding the perpetrator, including their behaviour and any restrictions deemed reasonable and proportionate with regards to the perpetrator’s timetable.

The school will ensure that the victim and perpetrator remain protected from bullying and harassment (including online).

Where an alleged perpetrator is found not guilty or a case is classed as requiring “no further action”, the school will offer support to the victim and alleged perpetrator for as long as is necessary. The victim is likely to be traumatised and the fact that an allegation cannot be substantiated does not necessarily mean that it was unfounded. The school will discuss decisions with the victim and offer support.

The alleged perpetrator is also likely to require ongoing support, as they have also been through a difficult and upsetting experience.

- Ongoing support for the victim

Any decisions regarding safeguarding and supporting the victim will be made with the following considerations in mind:

- The terminology the school uses to describe the victim
- The age and developmental stage of the victim
- The needs and wishes of the victim
- Whether the victim wishes to continue in their normal routine
• The victim will not be made to feel ashamed about making a report
• What a proportionate response looks like

Victims may not disclose the whole picture immediately and they may be more comfortable talking about the incident on a piecemeal basis; therefore, a dialogue will be kept open and the victim can choose to appoint a designated trusted adult.

Victims may struggle in a normal classroom environment. Whilst it is important not to isolate the victim, the victim may wish to be withdrawn from lessons and activities at times. This will only happen when the victim wants it to, not because it makes it easier to manage the situation.

The school will provide a physical space for victims to withdraw to.

Victims may require support for a long period of time and the school will be prepared to offer long-term support in liaison with relevant agencies.

Everything possible will be done to prevent the victim from bullying and harassment as a result of any report they have made.

If the victim is unable to remain in the school, alternative provision or a move to another school will be considered – this will only be considered at the request of the victim and following discussion with their parents.

If the victim does move to another school, the DSL will inform the school of any ongoing support needs and transfer the child protection file.

• Ongoing support for the alleged perpetrator

When considering the support required for an alleged perpetrator, the school will take into account:
• The terminology they use to describe the alleged perpetrator or perpetrator.
• The balance of safeguarding the victim and providing the alleged perpetrator with education and support.
• The reasons why the alleged perpetrator may have abused the victim – and the support necessary.
• Their age and developmental stage.
• What a proportionate response looks like.
• Whether the behaviour is a symptom of their own abuse or exposure to abusive practices and/or materials.

When making a decision, advice will be taken from CSCS, specialist sexual violence services and the police as appropriate.

If the alleged perpetrator moves to another school (for any reason), the DSL will inform the destination school of any ongoing support needs and transfer the child protection file.

The school will work with professionals as required to understand why the abuse took place and provide a high level of support to help the pupil understand and overcome the reasons for their behaviour and reduce the likelihood of them abusing again.

Disciplining the alleged perpetrator

Disciplinary action can be taken whilst investigations are ongoing and the fact that investigations are ongoing does not prevent the school reaching its own conclusion and imposing an appropriate penalty.

The school will make such decisions on a case-by-case basis, with the DSL taking a leading role. The school will take into consideration whether any action would prejudice an investigation and/or subsequent prosecution. The police and CSCS will be consulted where necessary.

The school will also consider whether circumstances make it unreasonable or irrational for the
school to make a decision about what happened while an investigation is considering the same facts. Disciplinary action and support can take place at the same time. The school will be clear whether action taken is disciplinary, supportive or both.

Shared classes
Once the DSL has decided to progress a report, they will again consider whether the victim and alleged perpetrator will be separated in classes, on school premises and on school transport – balancing the school’s duty to educate against its duty to safeguard. The best interests of the pupil will always come first.

Where there is a criminal investigation into rape or assault by penetration, the alleged perpetrator will be removed from classes with the victim and potential contact on school premises and transport will be prevented.

Where a criminal investigation into rape or assault by penetration leads to a conviction or caution, in all but the most exceptional circumstances, this will constitute a serious breach of discipline and result in the view that allowing the perpetrator to remain in the school would harm the education or welfare of the victim and potentially other pupils.

Where a criminal investigation into sexual assault leads to a conviction or caution, the school will consider suitable sanctions and permanent exclusion. If the perpetrator will remain at the school, the school will keep the victim and perpetrator in separate classes and manage potential contact on school premises and transport. The nature of the conviction or caution, alongside the wishes of the victim, will inform any discussions made.

Where a report of sexual assault does not lead to a police investigation, this does not mean that the offence did not happen or that the victim has lied. Both the victim and alleged perpetrator will be affected and appropriate support will be provided. Considerations regarding sharing classes and potential contact will be made on a case-by-case basis.

In all cases, the school will record its decisions and be able to justify them. The needs and wishes of the victim will always be at the heart of the process.

Working with parents and carers
In most sexual violence cases, the school will work with the parents of both the victim and alleged perpetrator. For cases of sexual harassment, these decisions will be made on a case-by-case basis. The school will meet the victim’s parents with the victim present to discuss the arrangements being put in place to safeguard the victim, and to understand their wishes in terms of support arrangements and the progression of the report.

Schools will also meet with the parents of the alleged perpetrator to discuss arrangements that will impact their child, such as moving them out of classes with the victim. Reasons behind decisions will be explained and the support being made available will be discussed. The DSL or a deputy will attend such meetings, with agencies invited as necessary.

Clear policies regarding how the school will handle reports of sexual violence and how victims and alleged perpetrators will be supported will be made available to parents.

Safeguarding other children
Children who have witnessed sexual violence, especially rape and assault by penetration, will be provided with support.

It is likely that children will “take sides” following a report, and the school will do everything in its power to protect the victim, alleged perpetrator and witnesses from bullying and harassment.

The school will keep in mind that contact may be made between the victim and alleged perpetrator and that harassment from friends of both parties could take place via social media and do everything in its power to prevent such activity.
As part of the school’s risk assessment following a report, transport arrangements will be considered, as it is a potentially vulnerable place for both a victim and alleged perpetrator. Schools will consider any additional support that can be put in place.

17. **Online safety**

As part of a broad and balanced curriculum, all pupils will be made aware of online risks and taught how to stay safe online.

Through training, all staff members will be made aware of the following:

- Pupil attitudes and behaviours which may indicate they are at risk of potential harm online
- The procedure to follow when they have a concern regarding a pupil’s online activity

The school will ensure that suitable filtering systems are in place to prevent children accessing terrorist and extremist material, in accordance with the school’s Data and E-Security Breach Prevention and Management Plan.

The use of mobile phones by staff and pupils is closely monitored by the school, in accordance with the Personal Electronic Devices Policy.

The school will ensure that the use of filtering and monitoring systems does not cause “over blocking” which may lead to unreasonable restrictions as to what pupils can be taught regarding online teaching.

18. **Mobile phone and camera safety**

Staff members will not use personal mobile phones or cameras when pupils are present.

Staff may use mobile phones on school premises outside of working hours when no pupils are present.

Staff may use mobile phones in the staffroom during breaks and non-contact time.

Mobile phones will be safely stored and in silent mode whilst pupils are present.

Staff will use their professional judgement in emergency situations.

Staff may take mobile phones on trips, but they must only be used in emergencies and should not be used when pupils are present.

Mobile devices will not be used to take images or videos of pupils or staff in any circumstances.

The sending of inappropriate messages or images from mobile devices is strictly prohibited.

Staff who do not adhere to this policy will face disciplinary action.

ICT technicians and the e-safety officer will review and authorise any downloadable apps – no apps or programmes will be downloaded without express permission from an ICT technician or the e-safety officer.

The school will adhere to the terms of the E-Safety Policy at all times.

Photographs and videos of pupils will be carefully planned before any activity with particular regard to consent and adhering to the school’s Data Protection Policy.

The DPO will oversee the planning of any events where photographs and videos will be taken.

Where photographs and videos will involve LAC pupils, adopted pupils, or pupils for whom there are security concerns, the head teacher will liaise with the DSL to determine the steps involved.

The DSL will, in known cases of a pupil who is a LAC or who has been adopted, liaise with the pupil’s social worker, carers or adoptive parents to assess the needs and risks associated with the pupil.

The school will adhere to its Photography Policy at all times.

Staff will report any concerns about another staff member’s use of mobile phones to the DSL,
following the procedures outlined in the Child Protection and Safeguarding Policy and the Allegations of Abuse Against Staff Policy.

19. Sports clubs and extracurricular activities

Clubs and extracurricular activities hosted by external bodies, e.g. charities or companies, will work in collaboration with the school to effectively safeguard pupils and adhere to local safeguarding arrangements.

Paid and volunteer staff running sports clubs and extracurricular activities are aware of their safeguarding responsibilities and promote the welfare of pupils.

Paid and volunteer staff understand how they should respond to child protection concerns and how to make a referral to CSCS or the police, if necessary. All national governing bodies of sport that receive funding from either Sport England or UK Sport, must aim to meet the Standards for Safeguarding and Protecting Children in Sport.

20. Safer recruitment

An enhanced DBS check with barred list information will be undertaken for all staff members engaged in regulated activity. A person will be considered to be in ‘regulated activity’ if, as a result of their work, they:

- Are responsible on a daily basis for the care or supervision of children.
- Regularly work in the school at times when children are on the premises.
- Regularly come into contact with children under 18 years of age.

The DfE’s DBS Workforce Guides will be consulted when determining whether a position fits the child workforce criteria.

Pre-employment checks

The governing board will assess the suitability of prospective employees by:

- Verifying the candidate’s identity, preferably from the most current photographic ID and proof of address except where, for exceptional reasons, none is available.
- Obtaining a certificate for an enhanced DBS check with barred list information where the person will be engaged in regulated activity.
- Obtaining a separate barred list check if an individual will start work in regulated activity before the DBS certificate is available.
- Checking that a candidate to be employed as a teacher is not subject to a prohibition order issued by the Secretary of State, using the TRA Teacher Services’ System.
- Verifying the candidate’s mental and physical fitness to undertake their working responsibilities, including asking relevant questions about disability and health to establish whether they have the physical and mental capacity for the specific role.
- Checking the person’s right to work in the UK. If there is uncertainty about whether an individual needs permission to work in the UK, the advice set out on the Gov.UK website will be followed.
- If the person has lived or worked outside the UK, making any further checks that the school considers appropriate; this includes checking for any teacher sanctions or restrictions that an EEA professional regulating authority has imposed.
- Checking professional experience, QTS and qualifications as appropriate using Teacher Services.
- Academies, free schools and independent schools only confirming that an individual taking up a management position is not subject to a section 128 direction.
An enhanced DBS certificate will be obtained from candidates before or as soon as practicable after appointment. An online update check may be undertaken through the DBS update service if an applicant has subscribed to it and gives their permission.

Internal candidates
- If an individual moves from a position within the college that did not involve the provision of education to one that does, it will be treated as if the individual were a new member of staff and all required pre-appointment checks will be carried out.
- References from internal candidates will always be scrutinised before appointment.

ITT candidates
Where applicants for ITT are salaried by the school, the school will ensure that enhanced DBS checks with barred list information are carried out.
Written confirmation will be obtained to ensure that an enhanced DBS certificate and barred list check has been carried out for all fee-funded trainees.

Governors
An enhanced DBS check will be carried out for each member of the governing board in a maintained school. Where a governor also engages in regulated activity, a barred list check will also be requested. The school will also contact the TRA using Teacher Services to check if a proposed governor is barred as a result of being subject to a section 128 direction. Where a barred list check has been performed, the section 128 direction will also be shown and will not require a separate check.

The trust requires enhanced DBS checks on all members of the academy trust, individual charity trustees, and the chair of the board of charity trustees. Before an individual becomes a trustee, the school will carry out an enhanced DBS check and confirm their identity. Where a trustee also engages in regulated activity, a barred list check will also be requested. An additional check is required for those in management positions, to ensure that they are not prohibited under section 128 provisions. Where a barred list check has been performed, the section 128 direction will also be shown and will not require a separate check. If the individual lives or has lived outside of the UK, consideration will be given as to further checks that may be necessary.

Those who have lived or worked outside of the UK
For those who have lived or worked outside of the UK, additional checks regarding teacher sanctions or restrictions will be conducted, this includes checking for any teacher sanctions or restrictions that an EEA professional regulating authority has imposed.

Barred list check
An enhanced DBS check may be requested for anyone working in school that is not in regulated activity but does not have a barred list check.

If there are concerns about an applicant, an enhanced DBS check with barred list information may be requested, even if they have worked in regulated activity in the three months prior to appointment.

Written information about their previous employment history will be obtained from candidates and the appropriate checks undertaken to ensure information is not contradictory or incomplete.

References
References will be obtained directly from referees and scrutinised, with all concerns satisfactorily resolved prior to confirmation of employment.

References will only be accepted from a senior person and not from a colleague.
References will be sought on all short-listed candidates, including internal ones, before an interview.
and checked on receipt to ensure that all specific questions were answered satisfactorily. References will be obtained prior to interviews taking place and discussed during interviews. Open testimonials will not be considered. Information about past disciplinary actions or allegations will be considered carefully when assessing an applicant’s suitability for a post. Information sourced directly from a candidate or online source will be carefully vetted to ensure they originate from a credible source.

Volunteers

No volunteer will be left unsupervised with a pupil or allowed to work in regulated activity until the necessary checks have been obtained. An enhanced DBS certificate with barred list check will be obtained for all new volunteers in regulated activity that will regularly teach or look after children on an unsupervised basis or provide personal care on a one-off basis. Personal care includes helping a child with eating and drinking for reasons of illness, or care in connection with toileting, washing, bathing and dressing for reasons of age, illness or disability. A supervised volunteer who regularly teaches or looks after children is not in regulated activity. The school will obtain an enhanced DBS certificate with barred list check for existing volunteers that provide pastoral care.

Unless there is cause for concern, the school will not request any new DBS certificates with barred list check for existing volunteers that have already been checked.

A risk assessment will be undertaken for volunteers not engaged in regulated activity when deciding whether to seek an enhanced DBS check.

Contractors

The school will ensure that any contractor or employee of the contractor working on the premises has been subject to the appropriate level of DBS check. Checks will be conducted to ensure that the contractor presenting themselves for work is the same person on whom the checks have been made. Contractors without a DBS check will be supervised if they will have contact with children. The identity of the contractor will be checked upon their arrival at the school.

Data retention

DBS certificates will be securely destroyed as soon as practicable, but not retained for longer than six months from receipt. A copy of the other documents used to verify the successful candidate’s identity, right to work and required qualifications will be kept for the personnel file. The personnel file will be held for the duration of the employee’s employment plus six years.

Referral to the DBS

The school will refer to the DBS anyone who has harmed a child or poses a risk of harm to a child, or if there is reason to believe the member of staff has committed an offence and has been removed from working in regulated activity.
