

Sports Premium

St. Francis Catholic Primary School recognises the benefits of a strong Physical Education (PE) Curriculum and extra-curricular activity on developing a healthy body, improving academic performance, improved social skill and the raising of self-esteem. At least two hour sessions per week are dedicated to physical activity in the curriculum.

The high profile of PE at St. Francis and is reflected in the children's attendance at the extended school sports activities as well as the achievement of the children at organised intra and inter-school competitions.

In April 2013, the Government announced funding (Sport Premium) for physical education and sport to improve the quality and breadth of PE and sport provision in schools. We must use this funding to make additional and sustainable improvements to the quality of PE and sport we offer. This means that we use the premium to:

- develop or add to the PE and sport activities that we already offer
- build capacity and capability within our school to ensure that improvements made now will benefit pupils joining the school in future years

There are 5 key indicators that we plan to see improvement across:

1. the engagement of all pupils in regular physical activity
2. the profile of PE and sport is raised across our school
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport

Careful consideration has been given to the spending of the PE Partnership and how it will enhance further PE provision. Further information on how the school has spent this money is found in below.

<u>Grant Allocation</u>	
Financial year 2018/2019	£17,760
Total number of Full Time pupils eligible	210
Total number of Full Time pupils on role	210

Projected Grant spending September 2018 – August 2019

Objective: the engagement of all pupils in regular physical activity

Type of provision (Led by)	Year Group							Predicted Cost	Desired Impact	Sustainability
	R	1	2	3	4	5	6
