

Governor Fund Update - Summer 2015

Dear Parents/Guardians,

Thank you so much for your continued support of the Governor Fund, it is greatly appreciated and used to benefit all the children of St Francis Catholic Primary School. Your voluntary contributions have been used as an extension of the school budget and the extra funds support the work and achievement of our children through resources and staffing.

In the past this fund has made substantial contributions to updating I.T. facilities at the school. It provided payment for the installation of a secure entry system to the school as well as a contribution to the refurbishment of Key Stage 2 toilets. It has also made contributions to teacher assistant hours.

This year the new curriculum requirements and expectations across both Key Stages has highlighted the need to upgrade resources across all subjects, i.e. Maths, Science and Humanities, so subject leaders are now looking at , what they have and what they need. The upgrade will also include I.T. resources, i.e. smartboards and tablets . The school budget will provide for some of the upgrade, but your voluntary contributions will give extra support to allow choices between what is needed and what the school would like.

If you would like to support the school with a voluntary contribution to the fund please look at the school website or ask at the school office.

Yours sincerely,

The Finance Committee
